BBH PARTNER FUND — INTERNATIONAL EQUITY

## **BBH PARTNER FUND – INTERNATIONAL EQUITY**

---

### **MANAGEMENT’S DISCUSSION OF FUND PERFORMANCE**

October 31, 2023

The BBH Partner Fund – International Equity (“the Fund” or “BBH International”) returned 5.24%, net of fees, for the fiscal year ended October 31, 2023. During the same twelve-month period, the Fund’s benchmark, the MSCI Europe, Australasia Far East Index (the “EAFE”) returned 14.40%. From the inception of the Fund through October 31, 2023, the Fund has compounded at an annualized rate of 4.62%, net of fees, while the MSCI EAFE has returned 4.48% per year.

For fiscal 2023, the Fund underperformed its benchmark driven by security selection within Financials, an overweight to China and underweight to Japan, and individual security performance from the following holdings: Revvity Inc, JD.com Inc, Worldline SA, Sartorius Stedim Biotech SA and Prudential plc. The largest contributors to performance during the same time period include: CRH plc, Safran SA, Melrose Industries plc, SAP SE, Constellation Software, and strong stock selection in the Communication Services sector relative to the MSCI EAFE index.

On August 18, 2023, Trinity Street Asset Management (“TSAM”) was added as a subadviser to the Fund responsible for managing a portion of the Fund’s assets alongside Select Equity Group (“SEG”). The investment approaches implemented by SEG and TSAM, described in greater detail below, are both well-aligned and complementary.

SEG’s investment philosophy is grounded in the belief that rigorous, independent research and disciplined investing can generate attractive long-term returns. SEG seeks to identify great businesses with enduring franchise value – those with steady predictable growth, high returns on capital and well-established barriers to competition. The subadviser believes these companies are both well positioned for long-term growth and resilient in difficult economic environments.

The TSAM investment philosophy centers around searching globally for companies undergoing structural change that is underappreciated by the broader market. The change factor could be a change in management, product, geopolitical environment, or in industry supply/demand dynamics that is misunderstood or underappreciated by the market. The team focuses their research efforts exclusively on companies experiencing periods of change because they believe this is where disruptions to normal market pricing mechanisms (i.e., attractive risk/reward opportunities and significant discounts to intrinsic value) are most likely to be found.

Portfolio holdings are subject to change.

Intrinsic value is an estimate of the present value of the cash that a business can generate over its remaining life.

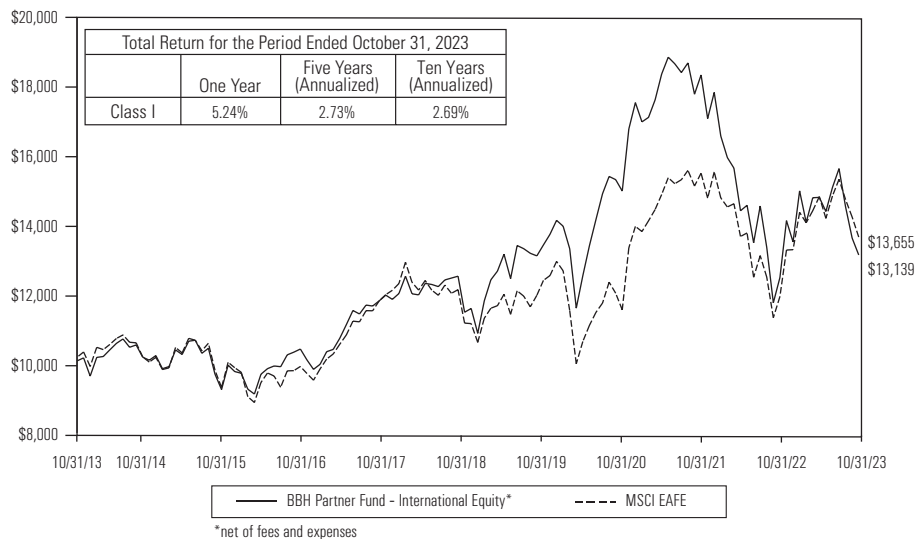

## BBH PARTNER FUND – INTERNATIONAL EQUITY

### MANAGEMENT'S DISCUSSION OF FUND PERFORMANCE (continued)

October 31, 2023

#### Growth of \$10,000 Invested in BBH Partner Fund – International Equity

The graph below illustrates the hypothetical investment of \$10,000<sup>1</sup> in the Class I shares of the Fund (Effective February 24, 2017, the Fund's Class N shares were converted into Class I shares) over the ten years ended October 31, 2023 as compared to the MSCI EAFE.

The annualized gross expense ratio as in the August 19, 2023 prospectus for Class I shares was 0.63%. Performance data quoted represents past performance which is no guarantee of future results. Investment return and principal value will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost. Fund performance changes over time and current performance may be lower or higher than what is stated. Fund shares redeemed within 30 days of purchase are subject to a redemption fee of 2.00%. Returns do not reflect the deductions of taxes that a shareholder would pay on Fund distributions or the redemption of Fund shares. For performance current to the most recent month-end please call 1-800-575-1265.

Hypothetical performance results are calculated on a total return basis and include all portfolio income, unrealized and realized capital gains, losses and reinvestment of dividends and other earnings. No one shareholder has actually achieved these results and no representation is being made that any actual shareholder achieved, or is likely to achieve, similar results to those shown. Hypothetical performance does not represent actual trading and may not reflect the impact of material economic and market factors. Undue reliance should not be placed on hypothetical performance results in making an investment decision.

<sup>1</sup> The Fund's performance assumes the reinvestment of all dividends and distributions. The EAFE has been adjusted to reflect reinvestment of dividends on securities in the index. The EAFE is not adjusted to reflect sales charges, expenses or other fees that the Securities and Exchange Commission requires to be reflected in the Fund's performance.

## **BBH PARTNER FUND – INTERNATIONAL EQUITY**

### **REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

To the shareholders of BBH Partner Fund – International Equity and the Board of Trustees of BBH Trust:

#### **Opinion on the Financial Statements and Financial Highlights**

We have audited the accompanying statement of assets and liabilities, including the portfolio of investments, of BBH Partner Fund – International Equity (the “Fund”), one of the funds constituting BBH Trust, as of October 31, 2023, the related statement of operations for the year then ended, the statements of changes in net assets for each of the two years in the period then ended, the financial highlights for each of the five years in the period then ended, and the related notes. In our opinion, the financial statements and financial highlights present fairly, in all material respects, the financial position of the Fund as of October 31, 2023, and the results of its operations for the year then ended, the changes in its net assets for each of the two years in the period then ended, and the financial highlights for each of the five years in the period then ended in conformity with accounting principles generally accepted in the United States of America.

#### **Basis for Opinion**

These financial statements and financial highlights are the responsibility of the Fund’s management. Our responsibility is to express an opinion on the Fund’s financial statements and financial highlights based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Fund in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement, whether due to error or fraud. The Fund is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audits we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the Fund’s internal control over financial reporting. Accordingly, we express no such opinion.

## **BBH PARTNER FUND – INTERNATIONAL EQUITY**

---

### **REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM (continued)**

Our audits included performing procedures to assess the risks of material misstatement of the financial statements and financial highlights, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements and financial highlights. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements and financial highlights. Our procedures included confirmation of securities owned as of October 31, 2023, by correspondence with the custodian and brokers; when replies were not received from brokers, we performed other auditing procedures. We believe that our audits provide a reasonable basis for our opinion.

/s/ DELOITTE & TOUCHE LLP

Boston, Massachusetts  
December 20, 2023

We have served as the auditor of one or more Brown Brothers Harriman investment companies since 1991.

## **BBH PARTNER FUND – INTERNATIONAL EQUITY**

---

### **PORTFOLIO OF INVESTMENTS (continued)**

October 31, 2023

#### **FAIR VALUE MEASUREMENTS**

The Fund is required to disclose information regarding the fair value measurements of the Fund's assets and liabilities. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The disclosure requirement established a three-tier hierarchy to maximize the use of observable market data and minimize the use of unobservable inputs and to establish classification of fair value measurements for disclosure purposes. Inputs refer broadly to the assumptions that market participants would use in pricing the asset or liability, including, for example, the risk inherent in a particular valuation technique used to measure fair value, including the model and/or the risk inherent in the inputs to the valuation technique. Inputs may be observable or unobservable. Observable inputs are inputs that reflect the assumptions market participants would use in pricing the asset or liability developed based on market data obtained from sources independent of the reporting entity. Unobservable inputs are inputs that reflect the Fund's own considerations about the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances.

Authoritative guidance establishes three levels of the fair value hierarchy as follows:

- Level 1 – unadjusted quoted prices in active markets for identical assets and liabilities.
- Level 2 – significant other observable inputs (including quoted prices for similar assets and liabilities, interest rates, prepayment speeds, credit risk, etc.).
- Level 3 – significant unobservable inputs (including the Fund's own assumptions in determining the fair value of assets and liabilities).

Inputs are used in applying the various valuation techniques and broadly refer to the assumptions that market participants use to make valuation decisions, including assumptions about risk. Inputs may include price information, specific and broad credit data, liquidity statistics, and other factors. A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. However, the determination of what constitutes "observable" requires judgment by the investment adviser. The investment adviser considers observable data to be that market data which is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by independent sources that are actively involved in the relevant market. The categorization of a financial instrument within the hierarchy is based upon the pricing transparency of the instrument and does not necessarily correspond to the investment adviser's perceived risk of that instrument.

Financial assets within Level 1 are based on quoted market prices in active markets. The Fund does not adjust the quoted price for these instruments.

Financial instruments that trade in markets that are not considered to be active but are valued based on quoted market prices, dealer quotations or alternative pricing sources supported by observable inputs are classified within Level 2. These include investment-grade corporate bonds, U.S. Treasury notes and bonds, and certain non-U.S. sovereign obligations and over-the-counter derivatives and foreign equity securities whose values could be impacted by events occurring before the Fund's pricing time, but after the

*The accompanying notes are an integral part of these financial statements.*

## BBH PARTNER FUND – INTERNATIONAL EQUITY

### PORTFOLIO OF INVESTMENTS (continued)

October 31, 2023

close of the securities' primary markets and are, therefore, fair valued according to procedures adopted by the Board of Trustees. As Level 2 financial assets include positions that are not traded in active markets and/or are subject to transfer restrictions, valuations may be adjusted to reflect illiquidity and/or non-transferability, which are generally based on available market information.

Financial assets classified within Level 3 have significant unobservable inputs, as they trade infrequently. Level 3 financial assets include private equity and certain corporate debt securities.

Because of the inherent uncertainties of valuation, the values reflected in the financial statements may materially differ from the value received upon the actual sale of those investments.

The following table summarizes the valuation of the Fund's investments by the above fair value hierarchy levels as of October 31, 2023.

Investments, at value	Unadjusted Quoted Prices in Active Markets for Identical Investments (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Balance as of October 31, 2023

## BBH PARTNER FUND – INTERNATIONAL EQUITY

---

### NOTES TO FINANCIAL STATEMENTS

October 31, 2023

**1. Organization.** The Fund is a separate, diversified series of BBH Trust (the “Trust”), which is registered under the Investment Company Act of 1940, as amended (the “1940 Act”), as an open-end management investment company. The Trust was originally organized under the laws of the State of Maryland on July 16, 1990 as BBH Fund, Inc. and re-organized as a Delaware statutory trust on June 12, 2007. As of October 31, 2023, there were eight series of the Trust. The Fund commenced operations on June 6, 1997 and currently offers one class, Class I. The investment objective of the Fund is to provide investors with long-term maximization of total return, primarily through capital appreciation. Under normal circumstances, at least 80% of the net assets of the Fund, plus any borrowings for investment purposes, are invested in equity securities of companies in the developed and emerging markets of the world, excluding the United States.

**2. Significant Accounting Policies.** The Fund’s financial statements are prepared in accordance with Generally Accepted Accounting Principles in the United States of America (“GAAP”). The Fund is an investment company and accordingly follows the investment company accounting and reporting guidance of the Financial Accounting Standards Board (“FASB”) Accounting Standard Codification Topic 946 Financial Services – Investment Companies. The following summarizes significant accounting policies of the Fund:

**A. Valuation of Investments.** The Board of Trustees (the “Board”) has ultimate responsibility for determining the fair value of investments. Pursuant to Rule 2a-5 of the 1940 Act, the Board has designated the Investment Adviser as its valuation designee. The Investment Adviser monitors the continual appropriateness of valuation methods applied and determines if adjustments should be made in light of market factor changes and events affecting issuers. The Investment Adviser performs a series of activities to provide reasonable assurance of the appropriateness of the prices utilized, including but not limited to: periodic independent pricing service due diligence meetings and reviewing the results of back testing on a monthly basis. The Investment Adviser provides the Board with reporting on the results of the back testing as well as positions which were fair valued during the period.

All securities and other investments are recorded at their estimated fair value. The value of investments listed on a securities exchange is based on the last sale price prior to the time when assets are valued, or in the absence of recorded sales, at the most recent bid price on such exchange. If a readily available market quotation is not available or is determined to be unreliable, the investments may be valued utilizing evaluated prices provided by independent pricing services. In establishing such prices, the independent pricing service utilizes both dealer supplied prices and electronic data processing techniques which take into account appropriate factors such as institutional sized trading in similar groups of securities, yield, quality, coupon rate, maturity, type of issue, trading characteristics, the closure of the primary exchange on which securities trade and before the Fund’s net asset value is next determined and other market data without exclusive reliance on quoted exchange prices or over-the-counter prices since such valuations are believed to reflect more accurately the fair value of such investments. Investments may be fair valued by Brown Brothers Harriman & Co. (“BBH”) through a separately identifiable department (“SID” or “Investment Adviser”) in accordance with the BBH Trust Portfolio Valuation Policy and Procedures using methods

## **BBH PARTNER FUND – INTERNATIONAL EQUITY**

---

### **NOTES TO FINANCIAL STATEMENTS (continued)**

October 31, 2023

that most fairly reflect the amount that the Fund would reasonably expect to receive for the investment on a current sale in its principal market in the ordinary course of business. Short-term investments, which mature in 60 days or less are valued at amortized cost if their original maturity was 60 days or less, or by amortizing their value on the 61st day prior to maturity, if their original maturity when acquired by the Fund was more than 60 days, unless the use of amortized cost is determined not to represent fair value. Any futures contracts held by the Fund are valued daily at the official settlement price of the exchange on which they are traded.

**B. Accounting for Investments and Income.** Investment transactions are accounted for on the trade date. Realized gains and losses on investment transactions are determined based on the identified cost method. Dividend income and other distributions received from portfolio securities are recorded on the ex-dividend date. Non-cash dividends included in dividend income, if any, are recorded at the fair market value of securities received at ex-date. Distributions received on securities that represent a return of capital are recorded as a reduction of cost of investments. Distributions received on securities that represent a capital gain are recorded as a realized gain. Interest income is accrued daily. Investment income is recorded net of any foreign taxes withheld where recovery of such tax is uncertain.

**C. Fund Expenses.** Most expenses of the Trust can be directly attributed to a specific fund. Expenses which cannot be directly attributed to a fund are generally apportioned among each fund in the Trust on a net assets basis. Expense estimates are accrued in the period to which they relate and adjustments are made when actual amounts are known.

**D. Forward Foreign Currency Exchange Contracts.** The Fund may enter into forward foreign currency exchange contracts ("Contracts") in connection with planned purchases or sales of securities to economically hedge the U.S. dollar value of securities denominated in a particular currency, or to increase or shift its exposure to a currency other than U.S. dollars. The Fund has no specific limitation on the percentage of assets which may be committed to these types of Contracts. The Fund could be exposed to risks if the counterparties to the Contracts are unable to meet the terms of their Contracts or if the value of the foreign currency changes unfavorably. The U.S. dollar values of foreign currency underlying all contractual commitments held by the Fund are determined using forward foreign currency exchange rates supplied by a quotation service. During the year ended October 31, 2023, the Fund had no open contracts.

**E. Foreign Currency Translations.** The accounting records of the Fund are maintained in U.S. dollars. Foreign currency amounts are translated into U.S. dollars at the current rate of exchange of such currency against the U.S. dollar to determine the value of investments, assets and liabilities. Purchases and sales of securities, and income and expenses are translated at the prevailing rate of exchange on the respective dates of such transactions. Upon the purchase or sale of a security denominated in foreign currency, the Fund may enter into forward foreign currency exchange contracts for the purchase or sale, for a fixed amount of U.S. dollars, of the amount of foreign currency involved in the underlying security transaction. Reported net realized gains and losses arise from the sales of portfolio securities, sales of foreign currencies, currency gains or losses realized

## BBH PARTNER FUND – INTERNATIONAL EQUITY

### NOTES TO FINANCIAL STATEMENTS (continued)

October 31, 2023

between the trade and settlement dates on securities transactions, and the difference between the amounts of dividends, interest and foreign withholding taxes recorded on the Fund's books and the U.S. dollar equivalent of the amounts actually received or paid. The effect of changes in foreign exchange rates on foreign denominated securities is reflected in the net realized and unrealized gain or loss on investments in securities and foreign exchange transactions and translations and net change in unrealized appreciation or depreciation on investments in securities and foreign currency translations within the Statement of Operations. Net unrealized appreciation or depreciation on foreign currency translations arise from changes in the value of the assets and liabilities, excluding investments in securities, at period end, resulting from changes in the exchange rate.

**F. Rule 144A Securities.** The Fund may purchase securities that are not registered under the Securities Act of 1933, as amended ("1933 Act") but that can be sold to "qualified institutional buyers" in accordance with the requirements stated in Rule 144A under the 1933 Act ("Rule 144A Securities"). A Rule 144A Security may be considered illiquid, under SEC Regulations for open-end investment companies, and therefore subject to the 15% limitation on the purchase of illiquid securities, unless it is determined on an ongoing basis that an adequate trading market exists for the security, which is the case for the Fund. Guidelines have been adopted and the daily function of determining and monitoring liquidity of Rule 144A Securities has been delegated to the investment adviser. All relevant factors will be considered in determining the liquidity of Rule 144A Securities and all investments in Rule 144A Securities will be carefully monitored. Information regarding Rule 144A Securities is included at the end of the Portfolio of Investments.

**G. Federal Income Taxes.** The Fund may be subject to foreign taxes on income, gains on investments or currency repatriation, a portion of which may be recoverable. The Fund will accrue such taxes and recoveries, as applicable, based upon its current interpretation of tax rules and regulations that exist in the markets in which it invests.

Realized gains in certain countries may be subject to foreign taxes at the Fund level, based on statutory rates. The Fund accrues for such foreign taxes on net realized and unrealized gains at the appropriate rate for each jurisdiction, as applicable. The amount, if any, is disclosed as a liability in the Statement of Assets and Liabilities and as an expense in the Statement of Operations.

It is the Trust's policy to comply with the requirements of the Internal Revenue Code (the "Code") applicable to regulated investment companies and to distribute substantially all of its taxable income to its shareholders. Accordingly, no federal income tax provision is required. The Fund files a tax return annually using tax accounting methods required under provisions of the Code, which may differ from GAAP, which is the basis on which these financial statements are prepared. Accordingly, the amount of net investment income and net realized gain reported in these financial statements may differ from that reported on the Fund's tax return, due to certain book-to-tax timing differences such as losses deferred due to "wash sale" transactions and utilization of capital loss carryforwards. These differences may result in temporary over-distributions for financial statement purposes and are classified as distributions in excess of accumulated net realized gains or net investment income. These distributions

**BBH PARTNER FUND – INTERNATIONAL EQUITY**

## NOTES TO FINANCIAL STATEMENTS (continued)

October 31, 2023

do not constitute a return of capital. Permanent differences are reclassified between paid-in capital and retained earnings/(accumulated deficit) within the Statement of Assets and Liabilities based upon their tax classification. As such, the character of distributions to shareholders reported in the Financial Highlights table may differ from that reported to shareholders on Form 1099-DIV.

The Fund is subject to the provisions of Accounting Standards Codification 740 Income Taxes (“ASC 740”). ASC 740 sets forth a minimum threshold for financial statement recognition of the benefit of a tax position taken or expected to be taken in a tax return. The Fund did not have any unrecognized tax benefits as of October 31, 2023, nor were there any increases or decreases in unrecognized tax benefits for the year then ended. The Fund recognizes interest and penalties, if any, related to unrecognized tax benefits as an income tax expense in the Statement of Operations. During the year ended October 31, 2023, the Fund did not incur any such interest or penalties. The Fund is subject to examination by U.S. federal and state tax authorities for returns filed for the prior three years. The Fund is not aware of any tax positions for which it is reasonably possible that the total amounts of unrecognized tax benefits will significantly change in the next twelve months.

**H. Dividends and Distributions to Shareholders.** Dividends and distributions from net investment income to shareholders, if any, are paid annually and are recorded on the ex-dividend date. Distributions from net capital gains, if any, are generally declared and paid annually and are recorded on the ex-dividend date. The Fund declared dividends and distributions in the amount of \$10,360,602 and \$306,843,011 to Class I shares during the years ended October 31, 2023 and October 31, 2022, respectively. In addition, the Fund designated a portion of the payment made to redeeming shareholders as a distribution for income tax purposes.

The tax character of distributions paid during the years ended October 31, 2023 and 2022, respectively, were as follows:

## Distributions paid from:

	Ordinary income	Net long-term capital gain	Total taxable distributions	Tax return of capital	Total distributions paid
2023:	\$ 10,360,602	\$ —	\$ 10,360,602	\$ —	\$ 10,360,602
2022:	114,819,518	192,023,493	306,843,011	—	306,843,011

As of October 31, 2023 and 2022, respectively, the components of retained earnings/(accumulated deficit) on tax basis were as follows:

## Components of retained earnings/(accumulated deficit):

	Undistributed ordinary income	Undistributed long-term capital gain	Accumulated capital and other losses	Other book/tax temporary differences	Unrealized appreciation/ (depreciation)	Total retained earnings/ (accumulated deficit)
2023:	\$18,010,377	\$ —	\$(390,810,946)	\$(21,982,391)	\$ 75,428,422	\$(319,354,538)
2022:	10,356,068	—	(193,247,052)	(19,713,300)	(230,863,514)	(433,467,798)

## BBH PARTNER FUND – INTERNATIONAL EQUITY

### NOTES TO FINANCIAL STATEMENTS (continued)

October 31, 2023

The Fund had \$390,810,946 of net capital loss carryforwards as of October 31, 2023, of which \$233,039,581 and \$157,771,365, is attributable to short-term and long-term capital losses, respectively.

The Fund is permitted to carryforward capital losses for an unlimited period and they will retain their character as either short-term or long-term capital losses.

Total distributions paid may differ from amounts reported in the Statements of Changes in Net Assets because, for tax purposes, dividends are recognized when actually paid.

The differences between book-basis and tax-basis unrealized appreciation/(depreciation) is attributable primarily to the tax deferral of losses on wash sales.

To the extent future capital gains are offset by capital loss carryforwards, if any, such gains will not be distributed.

- I. Use of Estimates.* The preparation of the financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities in the financial statements, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of increase and decrease in net assets from operations during the reporting period. Actual results could differ from these estimates.

### 3. Fees and Other Transactions with Affiliates

- A. Investment Advisory and Administrative Fees.* Under a combined Investment Advisory and Administrative Services Agreement (“Agreement”) with the Trust, the Investment Adviser provides investment advisory, portfolio management and administrative services to the Fund. BBH employs a “manager-of-managers” investment approach, whereby it allocates the Fund’s assets to the Fund’s Sub-Advisers, currently Select Equity Group, L.P. (“Select Equity Group”) and effective August 18, 2023, Trinity Street Asset Management (together the “Sub-Advisers”). The Sub-Advisers are responsible for investing the assets of the Fund and the Investment Adviser oversees the Sub-Advisers and evaluates their performance results. The Fund’s investment advisory and administrative services fee is calculated daily and paid monthly at an annual rate equivalent to 0.60% per annum on the first \$3 billion of average daily net assets and 0.55% per annum on all average daily net assets over \$3 billion. Prior to November 18, 2022, the Fund paid the Investment Adviser a fee equal to 0.65% per annum for the first \$3 billion and 0.60% per annum for amounts over \$3 billion of the average daily net assets of the Fund. The Investment Adviser pays each Sub-Adviser from its investment advisory and administrative fee an amount that in the aggregate equals the Fund’s investment advisory and administration fee based upon the percentage of net assets that each Sub-Adviser manages. For the year ended October 31, 2023, the Fund incurred \$12,779,438 for services under the Agreement.

## BBH PARTNER FUND – INTERNATIONAL EQUITY

### NOTES TO FINANCIAL STATEMENTS (continued)

October 31, 2023

**B. Custody and Fund Accounting Fees.** BBH acts as a custodian and fund accountant and receives custody and fund accounting fees from the Fund calculated daily and incurred monthly. BBH holds all of the Fund's cash and investments and calculates the Fund's daily net asset value. The custody fee is an asset and transaction-based fee. The fund accounting fee is an asset-based fee calculated at 0.325 basis points per annum of the Fund's net asset value, effective September 1, 2023 based on the new agreement. The fund accounting fee was 0.40 basis points per annum until August 31, 2023. For the year ended October 31, 2023, the Fund incurred \$461,812 in custody and fund accounting fees. As per agreement with the Fund's custodian, the Fund receives interest income on cash balances held by the custodian at the BBH Base Rate. The BBH Base Rate is defined as BBH's effective trading rate in local money markets on each day. The total interest earned by the Fund for the year ended October 31, 2023 was \$1,423,686. This amount is included in "Interest income from Custodian" in the Statement of Operations. In the event that the Fund is overdrawn, under the custody agreement with BBH, BBH will make overnight loans to the Fund to cover overdrafts. Pursuant to their agreement, the Fund will pay the BBH Overdraft Base Rate plus 2% on the day of the overdraft. The total interest incurred by the Fund for the year ended October 31, 2023, was \$55,558. This amount is included under line item "Custody and fund accounting fees" in the Statement of Operations.

**C. Board of Trustees' Fees.** Each Trustee who is not an "interested person" as defined under the 1940 Act receives an annual fee as well as reimbursement for reasonable out-of-pocket expenses from the Fund. For the year ended October 31, 2023, the Fund incurred \$93,284 in independent Trustee compensation and expense reimbursements.

**D. Officers of the Trust.** Officers of the Trust are also employees of BBH. Officers are paid no fees by the Trust for their services to the Trust.

**4. Investment Transactions.** For the year ended October 31, 2023, the cost of purchases and the proceeds of sales of investment securities, other than short-term investments, were \$1,323,502,341 and \$1,643,333,999, respectively.

**5. Shares of Beneficial Interest.** The Trust is permitted to issue an unlimited number of Class I shares of beneficial interest, at no par value. Transactions in Class I shares were as follows:

	For the year ended October 31, 2023		For the year ended October 31, 2022	
	Shares	Dollars	Shares	Dollars
<b>Class I</b>				
Shares sold .....	9,345,985	\$ 135,165,601	50,632,813	\$ 800,932,741
Shares issued in connection with reinvestments of dividends .....	19,947	276,268	642,233	11,341,834
Shares redeemed .....	(31,157,761)	(442,745,407)	(18,483,521)	(270,792,352)
Net increase/(decrease) .....	<u>(21,791,829)</u>	<u>\$ (307,303,538)</u>	<u>32,791,525</u>	<u>\$ 541,482,223</u>

## BBH PARTNER FUND – INTERNATIONAL EQUITY

### NOTES TO FINANCIAL STATEMENTS (continued)

October 31, 2023

#### 6. Principal Risk Factors and Indemnifications.

*A. Principal Risk Factors.* Investing in the Fund may involve certain risks, as discussed in the Fund's prospectus, including, but not limited to, those described below:

A shareholder may lose money by investing in the Fund (investment risk). The Fund is actively managed and the decisions by the Sub- Adviser may cause the Fund to incur losses or miss profit opportunities (management risk). Price movements may occur due to factors affecting individual companies, such as the issuance of an unfavorable earnings report, or other events affecting particular industries or the equity market as a whole (equity securities risk). The value of securities held by the Fund may fall due to changing economic, political, regulatory or market conditions, or due to a company's or issuer's individual situation. Natural disasters, the spread of infectious illness and other public health emergencies, recession, terrorism and other unforeseeable events may lead to increased market volatility and may have adverse effects on world economies and markets generally (market risk). The Fund may, from time to time, invest in a limited number of issuers. As a result, the appreciation or depreciation of any one security held by the Fund will have a greater impact on the Fund's net asset value than it would if the Fund invested in a larger number of securities. Although that strategy has the potential to generate attractive returns over time, it also increases the Fund's volatility and may lead to greater losses (concentrated portfolio holdings risk). There are certain risks associated with investing in securities of companies based outside of the United States, including, but not limited to, recovery of tax withheld by foreign jurisdictions (Non-U.S. investment risk), capital controls imposed by foreign governments in response to economic or political events that may impact the ability of the Fund to buy, sell or otherwise transfer securities or currency (capital controls risk), and risks from investing in securities of issuers based in developing countries (emerging markets risk). Non-U.S. currencies invested in by the Fund may depreciate against the U.S. dollar (currency exchange rate risk). The Fund's shareholders may be adversely impacted by asset allocation decisions made by an investment adviser whose discretionary clients make up a large percentage of the Fund's shareholders (shareholder concentration risk). The derivatives held by the Fund which include, forwards, futures, options, rights and warrants, may be riskier than other types of investments and may increase the volatility of the Fund (derivatives risk). Derivatives may be sensitive to changes in economic and market conditions and may create leverage, which could result in losses that significantly exceed the Fund's original investment. Derivatives expose the Fund to counter-party risk, which is the risk that the derivative counterparty will not fulfill its contractual obligations (and includes credit risk associated with the counterparty). Because the Fund invests in large cap company securities, it may underperform other funds during periods when the Fund's large cap securities are out of favor (large cap company risk). The extent of the Fund's exposure to these risks in respect to these financial assets is included in their value as recorded in the Fund's Statement of Assets and Liabilities.

Please refer to the Fund's prospectus for a complete description of the principal risks of investing in the Fund.

## **BBH PARTNER FUND – INTERNATIONAL EQUITY**

---

### NOTES TO FINANCIAL STATEMENTS (continued)

October 31, 2023

*B. Indemnifications.* Under the Trust's organizational documents, its officers and Trustees may be indemnified against certain liabilities and expenses arising out of the performance of their duties to the Fund, and shareholders are indemnified against personal liability for the obligations of the Trust. Additionally, in the normal course of business, the Fund enters into agreements with service providers that may contain indemnification clauses. The Fund's maximum exposure under these arrangements is unknown as this would involve future claims that may be made against the Fund that have not yet occurred. The risk of material loss from such claims is considered remote.

**7. Subsequent Events.** Management has evaluated events and transactions that have occurred since October 31, 2023 through the date the financial statements were issued and determined that there were no subsequent events that would require recognition or additional disclosure in the financial statements.

## **BBH PARTNER FUND – INTERNATIONAL EQUITY**

---

### **DISCLOSURE OF FUND EXPENSES**

October 31, 2023 (unaudited)

#### **EXAMPLE**

As a shareholder of the Fund, you may incur two types of costs: (1) transaction costs, including sales charges (loads) on purchase payments, reinvested distributions, or other distributions; redemption fees; and exchange fees; and (2) ongoing costs, including management fees; and other Fund expenses. This Example is intended to help you understand your ongoing costs (in dollars) of investing in the Fund and to compare these costs with the ongoing costs of investing in other mutual funds.

The Example is based on an investment of \$1,000 invested at the beginning of the six-month period and held for the entire period (May 1, 2023 to October 31, 2023).

#### **ACTUAL EXPENSES**

The first line of the table below provides information about actual account values and actual expenses. You may use information in this line, together with the amount you invested, to estimate the expenses that you paid over the period. Simply divide your account value by \$1,000 (for example, an \$8,600 account value divided by \$1,000 = 8.6), then multiply the result by the number in the first line under the heading entitled "Expenses Paid During the Period" to estimate the expenses you paid on your account during the period.

#### **HYPOTHETICAL EXAMPLE FOR COMPARISON PURPOSES**

The second line of the table below provides information about hypothetical account values and hypothetical expenses based on the Fund's actual expense ratio and an assumed rate of return of 5% per year before expenses, which is not the Fund's actual return. The hypothetical account values and expenses may not be used to estimate the actual ending account balance or expenses you paid during the period. You may use this information to compare the ongoing costs of investing in the Fund and other funds. To do so, compare this 5% Hypothetical Example with the 5% hypothetical examples that appear in the shareholder reports of other funds.

## BBH PARTNER FUND – INTERNATIONAL EQUITY

### DISCLOSURE OF FUND EXPENSES (continued)

October 31, 2023 (unaudited)

Please note that the expenses shown in the table are meant to highlight your ongoing costs only and do not reflect any transactional costs, such as redemption fees or exchange fees. Therefore, the second line of the table is useful in comparing ongoing costs only, and will not help you determine the relative total costs of owning different funds. In addition, if these transactional costs were included, your costs would have been higher.

	Beginning Account Value May 1, 2023	Ending Account Value October 31, 2023	Expenses Paid During Period May 1, 2023 to October 31, 2023 <sup>1</sup>
<b>Class I</b>			
Actual .....	\$1,000	\$ 888	\$3.09
Hypothetical <sup>2</sup> .....	\$1,000	\$1,022	\$3.31

<sup>1</sup> Expenses are equal to the Fund's annualized expense ratio of 0.65% for I shares, multiplied by the average account value over the period, multiplied by 184/365 (to reflect the one-half year period).

<sup>2</sup> Assumes a return of 5% before expenses. For the purposes of the calculation, the applicable annualized expenses ratio for each class of shares is subtracted from the assumed return before expenses.

---

### **DISCLOSURE OF ADVISOR SELECTION**

October 31, 2023 (unaudited)

#### **Sub-Advisory Agreement Approval**

The 1940 Act requires that a fund's investment advisory agreements must be approved both by a fund's board of trustees and by a majority of the trustees who are not parties to the investment advisory agreements or "interested persons" of any party ("Independent Trustees"), cast in person at a meeting called for the purpose of voting on such approval. However the U.S. Securities and Exchange Commission provided exemptive relief from the in-person provisions of Section 15 of the 1940 Act related to the approval of certain agreements on March 25, 2020 ("Exemptive Relief").

The Board, a majority of which is comprised of Independent Trustees, held a meeting via videoconference in reliance on the Exemptive Order on July 17, 2023, to consider the approval of a new sub-advisory agreement between the Investment Adviser and Trinity Street Asset Management, LLP ("Trinity Street") (the "Sub-Advisory Agreement"). The Investment Adviser recommended the approval of the Sub-Advisory Agreement based on several factors, including the Investment Adviser's evaluation of Trinity Street's performance as an adviser during various time periods and market cycles, Trinity Street's reputation, experience, investment philosophy and policies, and the Investment Adviser's determination that Trinity Street's investment strategy is complementary to the investment strategy of the Fund's other sub-adviser Select Equity Group, L.P. At the July 17, 2023 meeting, the Board voted to approve the Sub-Advisory Agreement for an initial two-year term beginning on August 18, 2023 (the "Effective Date"). On the Effective Date, Trinity Street became a sub-adviser to the Fund and began day-to-day portfolio management of a portion of the Fund's assets. Select Equity Group remains a sub-adviser to the Fund and continues the day-to-day portfolio management of a separate portion of the Fund's assets. The Investment Adviser employs a "manager of managers" investment approach, whereby it allocates the Fund's assets to Trinity Street and Select Equity Group.

After reviewing written and oral information from the Investment Adviser and Trinity Street, the Board determined that the proposed Sub-Advisory Agreement was in the best interests of the Fund and its shareholders. The Board considered information relating to portfolio managers, investment philosophies, strategies, and processes, as well as other factors. In approving Trinity Street as a sub-adviser to the Fund, the Board carefully evaluated: (i) the nature and quality of the services expected to be rendered to the Fund; (ii) the distinct investment objective and policies of the Fund; (iii) the history, reputation, qualification and background of Trinity Street's personnel and Trinity Street's financial condition; (iv) the performance record of Trinity Street; and (v) other factors deemed relevant.

The Board received from, and discussed with, counsel to the Trust ("Fund Counsel") a memorandum regarding the responsibilities of trustees for the approval of investment advisory agreements under the 1940 Act, as well as the guidance provided in Gartenberg v. Merrill Lynch Asset Management, Inc., which was affirmed in Jones v. Harris Associates, L.P. In addition, the Board met in executive session outside the presence of Fund management. The following is a summary of the factors the Board considered in making its determination to approve the sub-advisory agreement. No single factor was identified as the principal factor in determining whether to approve the agreement, and individual Trustees may have given different weight to various factors. The Board reviewed these factors with counsel to the Trust. The Board concluded that terms of the sub-advisory agreement were fair and reasonable and that the fee to be paid to Trinity Street was reasonable in light of the services to be provided.

## **BBH PARTNER FUND – INTERNATIONAL EQUITY**

---

### **DISCLOSURE OF ADVISOR SELECTION (continued)**

October 31, 2023 (unaudited)

#### *Nature, Extent and Quality of the Services*

In evaluating the nature, extent and quality of the services to be provided by Trinity Street under the Sub-Advisory Agreement, the Board considered, among other things, information provided by the Investment Adviser and Trinity Street regarding the operations, facilities, organization and personnel of Trinity Street, the anticipated ability of Trinity Street up to perform its duties under the Sub-Advisory Agreement, and the anticipated changes to the current investment program and other practices of the Fund, including proposed changes to the Fund's principal investment strategies. The Board considered that the appointment of Trinity Street is not expected to result in any diminution in the nature, extent and quality of services provided to the Fund and its shareholders, including compliance services. The Board considered that, although Trinity Street did not have prior experience managing registered investment companies, Trinity Street is an experienced and respected asset management firm and that the Investment Adviser believed that Trinity Street has the capabilities, experience, resources and personnel necessary to provide sub-advisory services to the Fund based on the assessment of their organization, investment talent, and strong back office. The Board considered whether Trinity Street would be able to provide sub-advisory services that are appropriate in scope and extent in light of the investment program for the Fund and whether Trinity Street's portfolio management team has demonstrated its ability to adhere to compliance procedures. The Board also considered the quality of the investment research capabilities of Trinity Street and the other resources it has dedicated to performing services for the Fund. On the basis of these considerations, together with other information considered, the Board determined that it was satisfied with the nature, extent and quality of the services to be provided by Trinity Street.

#### *Performance*

The Board considered Trinity Street's performance relating to its other accounts, including pooled investment vehicles, investment management experience, capabilities and resources. The Board further considered information regarding Trinity Street's investment philosophy, the proposed portfolio construction for the portion of the Fund that Trinity Street would manage, and investment techniques to be employed. On the basis of this information and the Board's assessment of the nature, extent and quality of the services to be provided by Trinity Street, the Board concluded that Select Equity Group is capable of generating a level of investment performance that is appropriate in light of the proposed changes to the Fund's principal investment strategy.

#### *Cost of Services to be Provided and Profitability*

The Board considered the proposed sub-advisory fee schedule under the Sub-Advisory Agreement and the estimated profitability analysis provided by Trinity Street, noting that the Investment Adviser would be responsible for paying the sub-advisory fee out of the fee it receives from the Fund. The Board considered that the sub-advisory fee schedule payable by the Investment Adviser to Trinity Street is the same as that which is paid to the Fund's other sub-adviser. The Board considered whether there will be any incidental benefits expected to be derived by Trinity Street from its relationship with the Fund. On the basis of these considerations, together with other information considered, the Board determined that the sub-advisory fee to be received by Trinity Street under the Sub-Advisory Agreement is reasonable in light of the sub-advisory services to be provided.

## **BBH PARTNER FUND – INTERNATIONAL EQUITY**

---

### **DISCLOSURE OF ADVISOR SELECTION (continued)**

**October 31, 2023 (unaudited)**

#### *Economies of Scale*

In evaluating the extent to which the sub-advisory fees payable under the Sub-Advisory Agreement reflect economies of scale or would permit economies of scale to be realized in the future, the Board considered the sub-advisory fee schedule and the existence of breakpoints in both the advisory and sub-advisory fee schedules. The Board considered that the Investment Adviser believes that the appointment of Trinity Street, as sub-adviser, has the potential to attract additional assets because of Trinity Street's asset management capabilities. The Board also considered that it would have the opportunity to periodically reexamine the appropriateness of the advisory fees payable by the Fund to the Investment Adviser, and sub-advisory fees payable by the Investment Adviser to Trinity Street, in light of any asset growth experienced in the future.

#### *Fall-Out Benefits*

The Board considered whether there will be any incidental benefits expected to be derived by Trinity Street from its relationship with the Fund.

## **BBH PARTNER FUND – INTERNATIONAL EQUITY**

### **CONFLICTS OF INTEREST**

October 31, 2023 (unaudited)

#### **Description of Potential Material Conflicts of Interest – Investment Adviser**

BBH, including the Investment Adviser, provides discretionary and non-discretionary investment management services and products to corporations, institutions and individual investors throughout the world. As a result, in the ordinary course of its businesses, BBH, including the Investment Adviser, may engage in activities in which its interests or the interests of its clients may conflict with or be adverse to the interests of the Funds. In addition, certain of such clients (including the Funds) utilize the services of BBH for which they will pay to BBH customary fees and expenses that will not be shared with the Funds.

The Investment Adviser has adopted and implemented policies and procedures that seek to manage conflicts of interest. Pursuant to such policies and procedures, the Investment Adviser monitors a variety of areas, including compliance with fund investment guidelines, the investment in only those securities that have been approved for purchase, and compliance with their respective Code of Ethics.

The Trust also manages these conflicts of interest. For example, the Trust has designated a chief compliance officer (“CCO”) and has adopted and implemented policies and procedures designed to manage the conflicts identified below and other conflicts that may arise in the course of the Funds’ operations in such a way as to safeguard the Funds from being negatively affected as a result of any such potential conflicts. From time to time, the Trustees receive reports from the Investment Adviser, and the Trust’s CCO on areas of potential conflict.

Investors should carefully review the following, which describes potential and actual conflicts of interest that BBH, the Investment Adviser can face in the operation of their respective investment management services. This section is not, and is not intended to be, a complete enumeration or explanation of all of the potential conflicts of interest that may arise. The Investment Adviser and the Funds has adopted policies and procedures reasonably designed to appropriately prevent, limit or mitigate the conflicts of interest described below. Additional information about potential conflicts of interest regarding the Investment Adviser is set forth in the Investment Adviser’s Form ADV. A copy of Part 1 and Part 2A of the Investment Adviser’s Form ADV is available on the SEC’s website ([www.adviserinfo.sec.gov](http://www.adviserinfo.sec.gov)). In addition, many of the activities that create these conflicts of interest are limited and/or prohibited by law, unless an exception is available.

**Other Clients and Allocation of Investment Opportunities.** BBH, the Investment Adviser manages funds and accounts of clients other than the Funds (“Other Clients”). In general, BBH, the Investment Adviser faces conflicts of interest when they render investment advisory services to different clients and, from time to time, provide dissimilar investment advice to different clients. Investment decisions will not necessarily be made in parallel among the Funds and Other Clients. Investments made by the Funds do not, and are not intended to, replicate the investments, or the investment methods and strategies, of Other Clients. Accordingly, such Other Clients may produce results that are materially different from those experienced by the Funds. Certain other conflicts of interest may arise in connection with a portfolio manager’s management of the Funds’ investments, on the one hand, and the investments of other funds or

## BBH PARTNER FUND – INTERNATIONAL EQUITY

---

### CONFLICTS OF INTEREST (continued)

October 31, 2023 (unaudited)

accounts for which the portfolio manager is responsible, on the other. For example, it is possible that the various funds or accounts managed by the Investment Adviser could have different investment strategies that, at times, might conflict with one another to the possible detriment of the Funds. From time to time, the Investment Adviser sponsors and with other investment pools and accounts which engage in the same or similar businesses as the Funds using the same or similar investment strategies. To the extent that the same investment opportunities might be desirable for more than one account or fund, possible conflicts could arise in determining how to allocate them because the Investment Adviser may have an incentive to allocate investment opportunities to certain accounts or funds. However, BBH and the Investment Adviser have implemented policies and procedures designed to ensure that information relevant to investment decisions is disseminated promptly within its portfolio management teams and investment opportunities are allocated equitably among different clients. The policies and procedures require, among other things, objective allocation for limited investment opportunities, and documentation and review of justifications for any decisions to make investments only for select accounts or in a manner disproportionate to the size of the account. Nevertheless, access to investment opportunities may be allocated differently among accounts due to the particular characteristics of an account, such as size of the account, cash position, tax status, risk tolerance and investment restrictions or for other reasons.

Actual or potential conflicts of interest may also arise when a portfolio manager has management responsibilities to multiple accounts or funds, resulting in unequal commitment of time and attention to the portfolio management of the funds or accounts.

**Affiliated Service Providers.** Other potential conflicts might include conflicts between the Funds and its affiliated and unaffiliated service providers (e.g., conflicting duties of loyalty). In addition to providing investment management services through the SID, BBH provides administrative, custody, shareholder servicing and fund accounting services to the Funds. BBH may have conflicting duties of loyalty while servicing the Funds and/or opportunities to further its own interest to the detriment of the Funds. For example, in negotiating fee arrangements with affiliated service providers, BBH may have an incentive to agree to higher fees than it would in the case of unaffiliated providers. BBH acting in its capacity as the Funds' administrator is the primary valuation agent of the Funds. BBH values securities and assets in the Funds according to the Funds' valuation policies. Because the Investment Adviser's advisory and administrative fees are calculated by reference to a Funds' net assets, BBH and its affiliates may have an incentive to seek to overvalue certain assets.

**Aggregation.** Potential conflicts of interest also arise with the aggregation of trade orders. Purchases and sales of securities for the Funds may be aggregated with orders for other client accounts managed by the Investment Adviser. The Investment Adviser, however, are not required to aggregate orders if portfolio management decisions for different accounts are made separately, or if it is determined that aggregating is not practicable, or in cases involving client direction. Prevailing trading activity frequently may make impossible the receipt of the same price or execution on the entire volume of securities purchased or sold.

## BBH PARTNER FUND – INTERNATIONAL EQUITY

---

### CONFLICTS OF INTEREST (continued)

October 31, 2023 (unaudited)

When this occurs, the various prices may be averaged, and the Funds will be charged or credited with the average price. Thus, the effect of the aggregation may operate on some occasions to the disadvantage of the Funds. In addition, under certain circumstances, the Funds will not be charged the same commission or commission equivalent rates in connection with an aggregated order.

**Cross Trades.** Under certain circumstances, the Investment Adviser, on behalf of the Funds, may seek to buy from or sell securities to another fund or account advised by BBH, the Investment Adviser. Subject to applicable law and regulation, BBH, the Investment Adviser may (but is not required to) effect purchases and sales between BBH, the Investment Adviser clients (“cross trades”), including the Funds, if BBH or the Investment Adviser believes such transactions are appropriate based on each party’s investment objectives and guidelines. There may be potential conflicts of interest or regulatory issues relating to these transactions which could limit the Investment Adviser’s decision to engage in these transactions for the Funds. BBH and/or the Investment Adviser may have a potentially conflicting division of loyalties and responsibilities to the parties in such transactions.

**Soft Dollars.** The Investment Adviser may direct brokerage transactions and/or payment of a portion of client commissions (“soft dollars”) to specific brokers or dealers or other providers to pay for research or other appropriate services which provide, in the Investment Adviser’s view, appropriate assistance in the investment decision-making process (including with respect to futures, fixed price offerings and over-the-counter transactions). The use of a broker that provides research and securities transaction services may result in a higher commission than that offered by a broker who does not provide such services. The Investment Adviser will determine in good faith whether the amount of commission is reasonable in relation to the value of research and services provided and whether the services provide lawful and appropriate assistance in its investment decision-making responsibilities.

Research or other services obtained in this manner may be used in servicing any or all of the Funds and other accounts managed by the Investment Adviser, including in connection with accounts that do not pay commissions to the broker related to the research or other service arrangements. Such products and services may disproportionately benefit other client accounts relative to the Funds based on the amount of brokerage commissions paid by the Funds and such other accounts. To the extent that a Sub-adviser uses soft dollars, it will not have to pay for those products and services itself.

BBH may receive research that is bundled with the trade execution, clearing, and/or settlement services provided by a particular broker-dealer. For example, the research effectively will be paid by client commissions that also will be used to pay for the execution, clearing, and settlement services provided by the broker-dealer and will not be paid by the Investment Adviser.

Arrangements regarding compensation and delegation of responsibility may create conflicts relating to selection of brokers or dealers to execute Fund portfolio trades and/or specific uses of commissions from Fund portfolio trades, administration of investment advice and valuation of securities.

## BBH PARTNER FUND – INTERNATIONAL EQUITY

---

### CONFLICTS OF INTEREST (continued)

October 31, 2023 (unaudited)

**Investments in BBH Funds.** From time to time BBH may invest a portion of the assets of its discretionary investment advisory clients in the Funds. That investment by BBH on behalf of its discretionary investment advisory clients in the Funds may be significant at times.

Increasing a Fund's assets may enhance investment flexibility and diversification and may contribute to economies of scale that tend to reduce the Funds' expense ratio. In selecting the Funds for its discretionary investment advisory clients, BBH may limit its selection to funds managed by BBH or the Investment Adviser. BBH may not consider or canvass the universe of unaffiliated investment companies available, even though there may be unaffiliated investment companies that may be more appropriate or that have superior performance. BBH, the Investment Adviser and their affiliates providing services to the Funds benefit from additional fees when the Funds is included as an investment by a discretionary investment advisory client.

BBH reserves the right to redeem at any time some or all of the shares of the Funds acquired for its discretionary investment advisory clients' accounts. A large redemption of shares of the Funds by BBH on behalf of its discretionary investment advisory clients could significantly reduce the asset size of the Funds, which might have an adverse effect on the Funds' investment flexibility, portfolio diversification and expense ratio.

**Valuation.** When market quotations are not readily available or are believed by BBH to be unreliable, the Funds' investments will be valued at fair value by BBH pursuant to procedures adopted by the Funds' Board. When determining an asset's "fair value," BBH seeks to determine the price that a Fund might reasonably expect to receive from the current sale of that asset in an arm's-length transaction. The price generally may not be determined based on what the Funds might reasonably expect to receive for selling an asset at a later time or if it holds the asset to maturity. While fair value determinations will be based upon all available factors that BBH deems relevant at the time of the determination and may be based on analytical values determined by BBH using proprietary or third-party valuation models, fair value represents only a good faith approximation of the value of a security. The fair value of one or more securities may not, in retrospect, be the price at which those assets could have been sold during the period in which the particular fair values were used in determining the Funds' net asset value. As a result, the Funds' sale or redemption of its shares at net asset value, at a time when a holding or holdings are valued by BBH (pursuant to Board-adopted procedures) at fair value, may have the effect of diluting or increasing the economic interest of existing shareholders.

**Referral Arrangements.** BBH may enter into advisory and/or referral arrangements with third parties. Such arrangements may include compensation paid by BBH to the third party. BBH may pay a solicitation fee for referrals and/or advisory or incentive fees. BBH may benefit from increased amounts of assets under management.

## **BBH PARTNER FUND – INTERNATIONAL EQUITY**

---

### **CONFLICTS OF INTEREST (continued)**

October 31, 2023 (unaudited)

**Personal Trading.** BBH, including the Investment Adviser, and any of their respective partners, principals, directors, officers, employees, affiliates or agents, face conflicts of interest when transacting in securities for their own accounts because they could benefit by trading in the same securities as the Funds, which could have an adverse effect on the Funds. However, the Investment Adviser has implemented policies and procedures concerning personal trading by BBH Partners and employees. The policy and procedures are intended to prevent BBH Partners and employees from trading in the same securities as the Funds. However, BBH, including the Investment Adviser, has implemented policies and procedures concerning personal trading by BBH Partners and employees. The policies and procedures are intended to prevent BBH Partners and employees with access to Fund material non-public information from trading in the same securities as the Funds.

**Gifts and Entertainment.** From time to time, employees of BBH, including the Investment Adviser, and any of their respective partners, principals, directors, officers, employees, affiliates or agents, may receive gifts and/or entertainment from clients, intermediaries, or service providers to the Funds or BBH, including the Investment Adviser, which could have the appearance of affecting or may potentially affect the judgment of the employees, or the manner in which they conduct business. The Investment Adviser has implemented policies and procedures concerning gifts and entertainment to mitigate any impact on the judgment of BBH Partners and employees. BBH, including the Investment Adviser, has implemented policies and procedures concerning gifts and entertainment to mitigate any impact on the judgment of BBH Partners and employees.

### **ADDITIONAL FEDERAL TAX INFORMATION**

October 31, 2023 (unaudited)

Under Section 854(b)(2) of the Internal Revenue Code (the "Code"), the Fund designates up to a maximum of \$10,360,602 as qualified dividends for purposes of the maximum rate under Section 1(h)(11) of the Code for the year ended October 31, 2023. In January 2024, shareholders will receive Form 1099-DIV, which will include their share of qualified dividends distributed during the calendar year 2023. Shareholders are advised to check with their tax advisers for information on the treatment of these amounts on their individual income tax returns. The amounts which represent income derived from sources within, and taxes paid to foreign countries or possessions of the United States are as follows:

<u>Foreign Source Income</u>	<u>Foreign Taxes Paid</u>
\$29,664,765	\$2,991,132

Crystal Cheung 140 Broadway New York, NY 10005 Birth Year: 1974	Assistant Treasurer	Since 2018	Assistant Vice President of BBH&Co. since 2016; joined BBH&Co. in 2014.

# All officers of the Trust hold office for one year and until their respective successors are chosen and qualified (subject to the ability of the Trustees to remove any officer in accordance with the Trust’s By-laws). Mr. Wagner previously served on the Board of Trustees of the Predecessor Trust.

+ Ms. Livingston and Mr. Gehret are “interested persons” of the Trust as defined in the 1940 Act because of their positions as Partner and Limited Partner of BBH&Co., respectively.

^ The Fund Complex consists of the Trust, which has eight series, and each is counted as one “Portfolio” for purposes of this table.

## **BBH PARTNER FUND – INTERNATIONAL EQUITY**

### **OPERATION AND EFFECTIVENESS OF THE FUND'S LIQUIDITY RISK MANAGEMENT PROGRAM October 31, 2023 (unaudited)**

The Securities and Exchange Commission adopted Rule 22e-4 under the Investment Company Act of 1940, as amended (the "Liquidity Rule"), to promote effective liquidity risk management throughout the open-end investment company industry in order to reduce the risk that funds will be unable to meet their redemption obligations and mitigate dilution of the interests of fund shareholders.

The Board of Trustees (the "Board") of BBH Trust has appointed three members of the Brown Brothers Harriman & Co. Mutual Fund Advisory Department, the Investment Adviser to the funds of BBH Trust (the "Funds"), as the Program Administrator for the Fund's liquidity risk management program (the "Program"). The Board met on March 7, 2023 to review the Program for the Funds pursuant to the Liquidity Rule. The Program Administrator provided the Board with a report (the "Report") that addressed the operations of the Program and assessed its adequacy and effectiveness for the period from February 1, 2022 through January 31, 2023 (the "Reporting Period").

The Report noted that the Program complied with the key factors for consideration under the Liquidity Rule for assessing, managing and periodically reviewing a Fund's liquidity risk, including the following points.

*Liquidity classification.* The Report described the Program's liquidity classification methodology for categorizing the Funds' investments into one of four liquidity buckets. The Fund classified each of its investments into one of four liquidity categories based on the number of days reasonably needed to sell and convert a reasonably anticipated sized trade of each investment into cash without significantly impacting the price of the investments. The Program Administrator relied on a third-party data provider to facilitate the classification of the Fund's investments based on criteria in the Fund's Program. During the Reporting Period, the Fund did not hold more than 15% of its net assets in illiquid investments.

*Highly Liquid Investment Minimum.* The Report noted that one aspect of the Liquidity Rule is a requirement that funds that are expected to have less than 50% of assets classified as other than "highly liquid" should establish a minimum percentage of highly liquid assets that the fund is expected to hold on an on-going basis. The Program Administrator monitors the percentages of assets in each category on an ongoing basis and, given that the Fund did not approach the 50% threshold, has made the determination that it is not necessary to assign a Highly Liquid Investment Minimum to the Fund as provided for in the Liquidity Rule.

*The Fund's investment strategy and liquidity of portfolio investments during normal and reasonably foreseeable stressed market conditions.* During the Reporting Period, the Program Administrator reviewed whether the Fund's investment strategy is appropriate for an open-end fund structure with a focus on funds with more significant and consistent holdings of less liquid and illiquid assets and factored a Fund's concentration in an issuer into the liquidity classification methodology by taking issuer position sizes into account.

---

### **OPERATION AND EFFECTIVENESS OF THE FUND'S LIQUIDITY RISK MANAGEMENT PROGRAM (continued)**

**October 31, 2023 (unaudited)**

*Short-term and long-term cash flow projections during normal and reasonably foreseeable stressed market conditions.* During the Reporting Period, the Program Administrator reviewed historical redemption activity and used this information as a component to establish the Fund's reasonably anticipated trading size. The Program Administrator also took into consideration other factors such as shareholder ownership concentration, applicable distribution channels and the degree of certainty associated with the Fund's short-term and long-term cash flow projections.

*Holdings of cash and cash equivalents.* The Program Administrator considered the degree to which the Fund held cash and cash equivalents as a component of each Fund's ability to meet redemption requests.

There were no material changes to the Program during the Reporting Period. The Program Administrator has informed the Board that it believes that the Fund's Program is adequately designed, has been implemented as intended, and has operated effectively since its implementation. No material exceptions have been noted since the implementation of the Program, and there were no liquidity events that impacted the Fund or its ability to meet redemption requests on a timely basis during the Reporting Period.
