BBH SELECT SERIES — LARGE CAP FUND

## BBH SELECT SERIES – LARGE CAP FUND

---

### MANAGEMENT'S DISCUSSION OF FUND PERFORMANCE

October 31, 2022

The investment objective of BBH Select Series-Large Cap Fund (the "Fund") is to provide investors with long-term growth of capital. The Fund seeks to provide attractive compounded returns over full market cycles and outperform in down markets. We employ a bottom-up, fundamental process that seeks to invest in competitively advantaged, well-managed, cash generative businesses that provide essential products and services. With reducing the likelihood of permanent loss of capital on any single investment being one of our key goals, we work to identify risks outside of company management's control so we can consider the range of potential outcomes for each business. Our portfolio construction decisions are driven by an approach that considers the quality of the businesses, its long-term growth prospects, and valuation relative to our appraisals of intrinsic value<sup>1</sup>. We invest with a long-term ownership perspective and an expectation that our returns will be driven by the underlying earnings power of the businesses, its effectiveness at deploying capital, and its operational and financial resilience during periods of economic stress. We do not prioritize benchmark sensitivity in managing the Fund – neither in terms of sector exposures nor individual position weights. As a result, we expect our active share<sup>2</sup> will remain relatively high, and performance of the Fund may differ meaningfully from major indexes at various points within a market cycle as we maintain our independent perspective and focus on long-term compounding.

For the fiscal year ending October 31<sup>st</sup>, 2022, the Fund declined -18.93% net of fees. During the same period, the benchmark S&P 500 Index ("S&P 500") declined -14.61%. Both the Fund and Index were negatively impacted by a sharp rise in inflation, higher interest rates, supply chain disruptions, and geopolitical conflicts. Underperformance of the Fund relative to the Index was primarily due to security selection in the Health Care sector and an absence of exposure to the Energy sector which gained approximately 65% for the period.

Since its inception on September 9<sup>th</sup>, 2019, the Fund returned 4.52% net of fees on an annualized basis, compared to 10.50% for the S&P 500. The Fund's underperformance for the period primarily resulted from underexposure to a small group of Technology and Internet companies that drove a substantial share of the Index's returns. Nevertheless, our portfolio companies have executed well and have produced solid growth and fundamental performance while maintaining appropriately conservative capital structures. These achievements are evident at the aggregate portfolio level, where we have observed attractive growth in revenue, cash flow and earnings, superior profit margins, returns on capital, and healthy balance sheets.

The Fund's top contributors during fiscal 2022 were concentrated in the Financial Services sector. These holdings included Progressive Corp. (PGR), A.J. Gallagher (AJG), and Berkshire Hathaway (BRK.B) - all benefiting from the higher interest rate environment and strong pricing power. Value-based retail holdings such as Dollar General (DG) and Costco (COST) also were among the top contributors for the period as consumers grew increasingly price conscious and prioritized non-discretionary spending. The Fund's largest detractors during the period were Alphabet (GOOG), Amazon.com (AMZN), and NIKE (NKE). While there were specific circumstances affecting the fundamental performance of each of these companies during the year, they all shared a common attribute of economic sensitivity, particularly with respect to consumer sentiment.

---

<sup>1</sup> BBH's estimate of the present value of the cash that a business can generate and distribute to shareholders over its remaining life.

<sup>2</sup> Active Share is defined as the percentage of a portfolio's holding that differs from its benchmark index.

## **BBH SELECT SERIES – LARGE CAP FUND**

---

### **MANAGEMENT'S DISCUSSION OF FUND PERFORMANCE (continued)**

**October 31, 2022**

During fiscal 2022, the Fund initiated five new investments: Microsoft (MSFT), Pool Corp. (POOL), Signature Bank (SBNY), Adobe (ADBE), and Texas Instruments (TXN), all of which we view as being well-positioned leaders in attractive market segments with durable growth characteristics. The Fund exited seven positions during the period: Visa (V), Brown-Forman (BF.B), Colgate-Palmolive (CL), Baxter International (BAX), Starbucks (SBUX), Sherwin-Williams (SHW), and Pool Corp. (POOL). Exit decisions were generally based on our assessments of relative attractiveness to other investment opportunities as they evolved in an unusually dynamic market. Sales of recently purchased Pool Corp. and Sherwin-Williams were based on the observation of a rapidly deteriorating U.S. housing market where both companies have material exposure. Turnover for the 12-month period was 25.34%.

As of October 31st, 2022, the Fund held positions in 29 companies, with 46.5% of the assets held in the 10 largest holdings and 6.3% in cash. The Fund ended the fiscal year trading at roughly 74% of our underlying intrinsic value estimates on a weighted average basis.

---

Portfolio holdings are subject to change.

## BBH SELECT SERIES – LARGE CAP FUND

### MANAGEMENT’S DISCUSSION OF FUND PERFORMANCE (continued) October 31, 2022

#### Growth of \$10,000 Invested in BBH Select Series - Large Cap Fund

The graph below illustrates the hypothetical investment of \$10,000<sup>1</sup> in the Class I shares of the Fund since inception (September 9, 2019) to October 31, 2022 as compared to the S&P 500.

The annualized gross expense ratios as shown in the March 1, 2022 prospectus for Class I and Retail Class shares were 0.70% and 2.68%, respectively.

Performance data quoted represents past performance which is no guarantee of future results. Investment return and principal value will fluctuate, so that an investor’s shares, when redeemed, may be worth more or less than their original cost. Fund performance changes over time and current performance may be lower or higher than what is stated. Fund shares redeemed within 30 days of purchase are subject to a redemption fee of 2.00%. Returns do not reflect the deductions of taxes that a shareholder would pay on Fund distributions or the redemption of Fund shares. For performance current to the most recent month-end please call 1-800-575-1265.

Hypothetical performance results are calculated on a total return basis and include all portfolio income, unrealized and realized capital gains, losses and reinvestment of dividends and other earnings. No one shareholder has actually achieved these results and no representation is being made that any actual shareholder achieved, or is likely to achieve, similar results to those shown. Hypothetical performance does not represent actual trading and may not reflect the impact of material economic and market factors. Undue reliance should not be placed on hypothetical performance results in making an investment decision.

<sup>1</sup> The Fund’s performance assumes the reinvestment of all dividends and distributions. The S&P 500 has been adjusted to reflect reinvestment of dividends on securities. The S&P 500 is not adjusted to reflect sales charges, expenses or other fees that the Securities and Exchange Commission requires to be reflected in the Fund’s performance. The S&P 500 is an unmanaged weighted index of 500 stocks providing a broad indicator of stock price movements. The composition of the index is materially different than the Fund’s holdings. The index is unmanaged. Investments cannot be made in an index.

## **BBH SELECT SERIES – LARGE CAP FUND**

### **REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

---

To the Trustees of BBH Trust and Shareholders of BBH Select Series – Large Cap Fund:

#### **Opinion on the Financial Statements and Financial Highlights**

We have audited the accompanying statement of assets and liabilities, including the portfolio of investments, of BBH Select Series – Large Cap Fund, one of the funds within BBH Trust (the “Fund”), as of October 31, 2022, the related statement of operations for the year then ended, the statements of changes in net assets for each of the two years in the period then ended, the financial highlights for each of the three years in the period then ended and for the period from September 9, 2019 (commencement of operations) through October 31, 2019, and the related notes. In our opinion, the financial statements and financial highlights present fairly, in all material respects, the financial position of the Fund as of October 31, 2022, and the results of its operations for the year then ended, the changes in its net assets for each of the two years in the period then ended, and the financial highlights for each of the three years in the period then ended and for the period from September 9, 2019 (commencement of operations) through October 31, 2019, in conformity with accounting principles generally accepted in the United States of America.

#### **Basis for Opinion**

These financial statements and financial highlights are the responsibility of the Fund’s management. Our responsibility is to express an opinion on the Fund’s financial statements and financial highlights based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Fund in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement, whether due to error or fraud. The Fund is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audits we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the Fund’s internal control over financial reporting. Accordingly, we express no such opinion.

## **BBH SELECT SERIES – LARGE CAP FUND**

---

### **REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

Our audits included performing procedures to assess the risks of material misstatement of the financial statements and financial highlights, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements and financial highlights. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements and financial highlights. Our procedures included confirmation of securities owned as of October 31, 2022, by correspondence with the custodian and brokers. We believe that our audits provide a reasonable basis for our opinion.

## **BBH SELECT SERIES – LARGE CAP FUND**

---

PORTFOLIO OF INVESTMENTS (continued)

October 31, 2022

### **FAIR VALUE MEASUREMENTS**

The Fund is required to disclose information regarding the fair value measurements of the Fund's assets and liabilities. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The disclosure requirement established a three-tier hierarchy to maximize the use of observable market data and minimize the use of unobservable inputs and to establish classification of fair value measurements for disclosure purposes. Inputs refer broadly to the assumptions that market participants would use in pricing the asset or liability, including for example, the risk inherent in a particular valuation technique used to measure fair value including such a pricing model and/or the risk inherent in the inputs to the valuation technique. Inputs may be observable or unobservable. Observable inputs are inputs that reflect the assumptions market participants would use in pricing the asset or liability developed based on market data obtained from sources independent of the reporting entity. Unobservable inputs are inputs that reflect the Fund's own considerations about the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances.

Authoritative guidance establishes three levels of the fair value hierarchy as follows:

- Level 1 – unadjusted quoted prices in active markets for identical assets and liabilities.
- Level 2 – significant other observable inputs (including quoted prices for similar assets and liabilities, interest rates, prepayment speeds, credit risk, etc.).
- Level 3 – significant unobservable inputs (including the Fund's own assumptions in determining the fair value of assets and liabilities).

Inputs are used in applying the various valuation techniques and broadly refer to the assumptions that market participants use to make valuation decisions, including assumptions about risk. Inputs may include price information, specific and broad credit data, liquidity statistics, and other factors. A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. However, the determination of what constitutes "observable" requires judgment by the investment adviser. The investment adviser considers observable data to be that market data which is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by independent sources that are actively involved in the relevant market. The categorization of a financial instrument within the hierarchy is based upon the pricing transparency of the instrument and does not necessarily correspond to the investment adviser's perceived risk of that instrument.

*The accompanying notes are an integral part of these financial statements.*

## BBH SELECT SERIES – LARGE CAP FUND

### PORTFOLIO OF INVESTMENTS (continued) October 31, 2022

Financial assets within Level 1 are based on quoted market prices in active markets. The Fund does not adjust the quoted price for these instruments.

Financial instruments that trade in markets that are not considered to be active but are valued based on quoted market prices, dealer quotations or alternative pricing sources supported by observable inputs are classified within Level 2. These include investment-grade corporate bonds, U.S. Treasury notes and bonds, and certain non-U.S. sovereign obligations, listed equities and over-the-counter derivatives and foreign equity securities whose values could be impacted by events occurring before the Fund's pricing time, but after the close of the securities' primary markets and are, therefore, fair valued according to procedures adopted by the Board of Trustees. As Level 2 financial assets include positions that are not traded in active markets and/or are subject to transfer restrictions, valuations may be adjusted to reflect illiquidity and/or non-transferability, which are generally based on available market information.

Financial assets classified within Level 3 have significant unobservable inputs, as they trade infrequently. Level 3 financial assets include private equity and certain corporate debt securities.

Because of the inherent uncertainties of valuation, the values reflected in the financial statements may materially differ from the value received upon the actual sale of those investments.

The following table summarizes the valuation of the Fund's investments by the above fair value hierarchy levels as of October 31, 2022.

<u>Investments, at value</u>	<u>Unadjusted Quoted Prices in Active Markets for Identical Investments (Level 1)</u>	<u>Significant Other Observable Inputs (Level 2)</u>	<u>Significant Unobservable Inputs (Level 3)</u>	<u>Balance as of October 31, 2022</u>

## BBH SELECT SERIES – LARGE CAP FUND

---

### NOTES TO FINANCIAL STATEMENTS

October 31, 2022

- 1. Organization.** The Fund is a separate, non-diversified series of BBH Trust (the “Trust”), which is registered under the Investment Company Act of 1940, as amended (the “1940 Act”), as an open-end management investment company. The Trust was originally organized under the laws of the State of Maryland on July 16, 1990 as BBH Fund, Inc. and re-organized as a Delaware statutory trust on June 12, 2007. The Fund commenced operations on September 9, 2019 and offers two share classes, Class I and Retail Class. Neither Class I shares nor Retail Class shares automatically convert to any other share class of the Fund. Under normal circumstances, the Fund invests at least 80% of its net assets, plus the amount of any borrowings for investment purposes, in large capitalization publicly traded equity securities. The investment objective of the Fund is to provide investors with long-term growth of capital. As of October 31, 2022, there were eight series of the Trust.
- 2. Significant Accounting Policies.** The Fund’s financial statements are prepared in accordance with Generally Accepted Accounting Principles in the United States of America (“GAAP”). The Fund is an investment company and accordingly follows the investment company accounting and reporting guidance of the Financial Accounting Standards Board (“FASB”) Accounting Standard Codification Topic 946 Financial Services — Investment Companies. The following summarizes significant accounting policies of the Fund:

  - A. Valuation of Investments.** (1) The value of investments listed on a securities exchange is based on the last sale price on that exchange prior to the time when assets are valued, or in the absence of recorded sales, at the average of readily available closing bid and asked prices on such exchange; (2) securities not traded on an exchange are valued at the average of the quoted bid and asked prices in the over-the-counter market; (3) securities or other assets for which market quotations are not readily available are valued at fair value in accordance with procedures established by and under the general supervision and responsibility of the Board of Trustees (the “Board”); (4) short-term investments, which mature in 60 days or less are valued at amortized cost if their original maturity was 60 days or less, or by amortizing their value on the 61st day prior to maturity, if their original maturity when acquired by the Fund was more than 60 days, unless the use of amortized cost is determined not to represent “fair value” by the Board.
  - B. Accounting for Investments and Income.** Investment transactions are accounted for on the trade date. Realized gains and losses on investment transactions are determined based on the identified cost method. Dividend income and other distributions received from portfolio securities are recorded on the ex-dividend date. Non-cash dividends included in dividend income, if any, are recorded at the fair market value of securities received at ex-date. Distributions received on securities that represent a return of capital are recorded as a reduction of cost of investments. Distributions received on securities that represent a capital gain are recorded as a realized gain. Interest income is accrued daily. Investment income is recorded net of any foreign taxes withheld where recovery of such tax is uncertain.

## BBH SELECT SERIES – LARGE CAP FUND

---

### NOTES TO FINANCIAL STATEMENTS (continued)

October 31, 2022

**C. Fund Expenses.** Most expenses of the Trust can be directly attributed to a specific fund and share class. Expenses which cannot be directly attributed to a fund are generally apportioned among each fund in the Trust and the respective share classes on a net assets basis or other suitable method. Expense estimates are accrued in the period to which they relate and adjustments are made when actual amounts are known.

**D. Federal Income Taxes.** It is the Trust's policy to comply with the requirements of the Internal Revenue Code (the "Code") applicable to regulated investment companies and to distribute substantially all of its taxable income to its shareholders. Accordingly, no federal income tax provision is required. The Fund files a tax return annually using tax accounting methods required under provisions of the Code, which may differ from GAAP, which is the basis on which these financial statements are prepared. Accordingly, the amount of net investment income and net realized gain reported in these financial statements may differ from that reported on the Fund's tax return, due to certain book-to-tax timing differences such as losses deferred due to "wash sale" transactions and utilization of capital loss carryforwards. These differences may result in temporary over-distributions for financial statement purposes and are classified as distributions in excess of accumulated net realized gains or net investment income. These distributions do not constitute a return of capital. Permanent differences are reclassified between paid-in capital and retained earnings/(accumulated deficit) within the Statement of Assets and Liabilities based upon their tax classification. As such, the character of distributions to shareholders reported in the Financial Highlights table may differ from that reported to shareholders on Form 1099-DIV.

The Fund is subject to the provisions of Accounting Standards Codification 740 Income Taxes ("ASC 740"). ASC 740 sets forth a minimum threshold for financial statement recognition of the benefit of a tax position taken or expected to be taken in a tax return. The Fund did not have any unrecognized tax benefits as of October 31, 2022, nor were there any increases or decreases in unrecognized tax benefits for the year then ended. The Fund recognizes interest and penalties, if any, related to unrecognized tax benefits as an income tax expense in the Statement of Operations. During the year ended October 31, 2022, the Fund did not incur any such interest or penalties. The Fund is subject to examination by U.S. federal and state tax authorities for returns filed for open tax period since September 9, 2019 (commencement of operations). The Fund is not aware of any tax positions for which it is reasonably possible that the total amounts of unrecognized tax benefits will significantly change in the next twelve months.

**E. Dividends and Distributions to Shareholders.** Dividends and distributions from net investment income to shareholders, if any, are paid annually and are recorded on the ex-dividend date. Distributions from net capital gains, if any, are generally declared and paid annually and are recorded on the ex-dividend date. The Fund declared dividends and distributions in the amount of \$15,461,745 and \$57,689 to Class I shares and Retail Class shareholders, respectively, during the year ended October 31, 2022 and the amount of \$1,483,494 and \$5,835 to Class I shares and Retail Class shareholders, respectively, during the year ended October 31, 2021.

**BBH SELECT SERIES – LARGE CAP FUND****NOTES TO FINANCIAL STATEMENTS (continued)**  
October 31, 2022

The tax character of distributions paid during the years ended October 31, 2022 and 2021, respectively, were as follows:

	Distributions paid from:				
	Ordinary income	Net long-term capital gain	Total taxable distributions	Tax return of capital	Total distributions paid
2022:	\$ 1,201,040	\$14,318,394	\$ 15,519,434	\$ —	\$ 15,519,434
2021:	1,489,329	—	1,489,329	—	1,489,329

As of October 31, 2022 and 2021, respectively, the components of retained earnings/(accumulated deficit) were as follows:

	Components of retained earnings/(accumulated deficit):					Total retained earnings/(accumulated deficit)
	Undistributed ordinary income	Undistributed long-term capital gain	Accumulated capital and other losses	Other book/tax temporary differences	Unrealized appreciation/(depreciation)	
2022:	\$ 826,333	\$ 4,602,828	\$ —	\$ (458)	\$ 53,769,628	\$ 59,198,331
2021:	1,114,173	14,316,835	—	(458)	145,694,290	161,124,840

The Fund did not have a net capital loss carryforward at October 31, 2022.

The Fund is permitted to carryforward capital losses for an unlimited period and they will retain their character as either short-term or long-term capital losses rather than being considered all short-term capital losses.

Total distributions paid may differ from amounts reported in the Statements of Changes in Net Assets because, for tax purposes, dividends are recognized when actually paid.

The differences between book-basis and tax-basis unrealized appreciation/(depreciation) would be attributable primarily to the tax deferral of losses on wash sales, if applicable.

To the extent future capital gains are offset by capital loss carryforwards, if any, such gains will not be distributed.

**F. Use of Estimates.** The preparation of the financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities in the financial statements, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of increase and decrease in net assets from operations during the reporting period. Actual results could differ from these estimates.

## BBH SELECT SERIES – LARGE CAP FUND

---

NOTES TO FINANCIAL STATEMENTS (continued)  
October 31, 2022

### 3. Fees and Other Transactions with Affiliates.

*A. Investment Advisory and Administrative Fees.* Under a combined Investment Advisory and Administrative Services Agreement (“Agreement”) with the Trust, Brown Brothers Harriman & Co. (“BBH”) through a separately identifiable department (“SID” or “Investment Adviser”) provides investment advisory, portfolio management and administrative services to the Fund. The Fund pays a combined fee for investment advisory and administrative services calculated daily and paid monthly at an annual rate equivalent to 0.65% per annum on the first \$3 billion of the Fund’s average daily net assets and 0.60% per annum on the Fund’s average daily net assets over \$3 billion. For year ended October 31, 2022, the Fund incurred \$2,712,036 under the Agreement.

*B. Investment Advisory and Administrative Fee Waivers.* Effective September 9, 2019 (commencement of operations), the Investment Adviser contractually agreed to limit the annual fund operating expenses (excluding interest, taxes, brokerage commissions, other expenditures that are capitalized in accordance with GAAP, other extraordinary expenses not incurred in the ordinary course of the Fund’s business and for Retail Class, amounts payable pursuant to any plan adopted in accordance with Rule 12b-1) of Class I and Retail Class to 0.80%. The agreement will terminate on March 1, 2023, unless it is renewed by all parties to the agreement. The agreement may only be terminated during its term with approval of the Fund’s Board of Trustees. For the year ended October 31, 2022, the Investment Adviser waived fees in the amount of \$0 and \$31,413 for Class I and Retail Class, respectively.

*C. Distribution (12b-1) Fees.* The Fund has adopted a distribution plan pursuant to Rule 12b-1 for Retail Class shares that allows the Fund to pay distribution and other fees for the sale of its shares and for distribution-related services provided to shareholders. Because these fees are paid out of the Fund’s assets continuously, over time these fees will increase the cost of investment in Retail Class shares and may cost the Retail Class shareholder more than paying other types of sales charges. The maximum annual distribution fee for Retail Class shares is 0.25% of the average daily net assets of the Retail Class shares of the Fund. With this agreement along with the investment advisory and waiver agreements above, it is anticipated that total operating expenses for Retail Class shares will be no greater than 1.05% of the average daily net assets. For the year ended October 31, 2022, Retail Class shares of the Fund incurred \$3,356 for Distribution (12b-1) Fees. This amount is presented under line item “Distribution fees” in the Statement of Operations.

*D. Custody and Fund Accounting Fees.* BBH acts as a custodian and fund accountant and receives custody and fund accounting fees from the Fund calculated daily and incurred monthly. BBH holds all of the Fund’s cash and investments and calculates the Fund’s daily net asset value. The custody fee is an asset and transaction-based fee. The fund accounting fee is an asset-based fee calculated at 0.004% per annum of the Fund’s net assets value. For the year ended October 31, 2022, the Fund incurred \$30,760 in custody and fund accounting fees. As per agreement with the Fund’s custodian, the Fund receives interest income on cash balances held by the custodian at the BBH Base Rate. The BBH Base Rate is defined as BBH’s effective trading rate in local money markets on each day. The total

## BBH SELECT SERIES – LARGE CAP FUND

### NOTES TO FINANCIAL STATEMENTS (continued) October 31, 2022

interest earned by the Fund for the year ended October 31, 2022 was \$66,216. This amount is included in "Interest income from affiliates" in the Statement of Operations. In the event that the Fund is overdrawn, under the custody agreement with BBH, BBH will make overnight loans to the Fund to cover overdrafts. Pursuant to their agreement, the Fund will pay the BBH Overdraft Base Rate plus 2% on the day of the overdraft. The total interest incurred by the Fund for the year ended October 31, 2022, was \$0. This amount is included under line item "Custody and fund accounting fees" in the Statement of Operations.

**E. Board of Trustees' Fees.** Each Trustee who is not an "interested person" as defined under the 1940 Act receives an annual fee as well as reimbursement for reasonable out-of-pocket expenses from the Fund. For the year ended October 31, 2022, the Fund incurred \$60,457 in independent Trustee compensation and expense reimbursements.

**F. Officers of the Trust.** Officers of the Trust are also employees of BBH. Officers are paid no fees by the Trust for their services to the Trust.

**4. Investment Transactions.** For the year ended October 31, 2022, the cost of purchases and the proceeds of sales of investment securities, other than short-term investments, were \$105,688,474 and \$130,618,629, respectively.

**5. Shares of Beneficial Interest.** The Trust is permitted to issue an unlimited number of Class I and Retail Class shares of beneficial interest at no par value. Transactions in Class I and Retail Class shares were as follows:

	For the year ended October 31, 2022		For the year ended October 31, 2021	
	Shares	Dollars	Shares	Dollars
<b>Class I</b>				
Shares sold . . . . .	5,522,010	\$ 69,601,637	5,766,662	\$ 70,599,590

## BBH SELECT SERIES – LARGE CAP FUND

---

### NOTES TO FINANCIAL STATEMENTS (continued)

October 31, 2022

Included in Shares Sold and Shares Redeemed are shareholder exchanges during the years ended October 31, 2022 and 2021. Specifically:

During the year ended October 31, 2022, there were no exchanges between Class I and Retail Class.

During the year ended October 31, 2021, 357 shares of Retail Class were exchanged for 354 shares of Class I valued at \$4,518.

## 6. Principal Risk Factors and Indemnifications.

**A. *Principal Risk Factors.*** Investing in the Fund may involve certain risks, as discussed in the Fund's prospectus, including but not limited to, those described below:

A shareholder may lose money by investing in the Fund (investment risk). The Fund is actively managed and the decisions by the Investment Adviser may cause the Fund to incur losses or miss profit opportunities (management risk). Price movements may occur due to factors affecting individual companies, such as the issuance of an unfavorable earnings report, or other events affecting particular industries or the equity market as a whole (equity securities risk). The value of securities held by the Fund may fall due to changing economic, political, regulatory or market conditions, or due to a company's or issuer's individual situation. Natural disasters, the spread of infectious illness and other public health emergencies, recession, terrorism and other unforeseeable events may lead to increased market volatility and may have adverse effects on world economies and markets generally (market risk). In the normal course of business, the Fund invests in securities and enters into transactions where risks exist due to assumption of large positions in securities of a small number of issuers (non-diversification risk). There are certain risks associated with investing in foreign securities not present in domestic investments, including, but not limited to, recovery of tax withheld by foreign jurisdictions (foreign investment risk). The Fund's shareholders may be adversely impacted by asset allocation decisions made by an investment adviser whose discretionary clients make up a large percentage of the Fund's shareholders (large shareholder risk). The Fund invests in large cap company securities, which may underperform other funds during periods when the Fund's large cap securities are out of favor (large cap company risk). The extent of the Fund's exposure to these risks in respect to these financial assets is included in their value as recorded in the Fund's Statement of Assets and Liabilities.

Please refer to the Fund's prospectus for a complete description of the principal risks of investing in the Fund.

**B. *Indemnifications.*** Under the Trust's organizational documents, its officers and Trustees may be indemnified against certain liabilities and expenses arising out of the performance of their duties to the Fund, and shareholders are indemnified against personal liability for the obligations of the Trust. Additionally, in the normal course of business, the Fund enters into agreements with service providers

## BBH SELECT SERIES – LARGE CAP FUND

---

### NOTES TO FINANCIAL STATEMENTS (continued)

October 31, 2022

that may contain indemnification clauses. The Fund's maximum exposure under these arrangements is unknown as this would involve future claims that may be made against the Fund that have not yet occurred. The risk of material loss from such claims is considered remote.

**7. Subsequent Events.** On November 30, 2022, BBH and State Street Corporation ("State Street") decided to terminate the agreement under which State Street would have acquired BBH's Investor Services business.

Management has evaluated events and transactions that have occurred since October 31, 2022 through the date the financial statements were issued and determined that there were no other subsequent events that would require recognition or additional disclosure in the financial statements.

## **BBH SELECT SERIES – LARGE CAP FUND**

### **DISCLOSURE OF FUND EXPENSES**

October 31, 2022 (unaudited)

#### **EXAMPLE**

As a shareholder of the Fund, you may incur two types of costs: (1) transaction costs, including sales charges (loads) on purchase payments, reinvested distributions, or other distributions; redemption fees; and exchange fees; and (2) ongoing costs, including management fees; distribution 12b-1 fees; and other Fund expenses. This Example is intended to help you understand your ongoing costs (in dollars) of investing in the Fund and to compare these costs with the ongoing costs of investing in other mutual funds.

The Example is based on an investment of \$1,000 invested at the beginning of the period and held for the entire period (May 1, 2022 to October 31, 2022).

#### **ACTUAL EXPENSES**

The first line of the table below provides information about actual account values and actual expenses. You may use information in this line, together with the amount you invested, to estimate the expenses that you paid over the period. Simply divide your account value by \$1,000 (for example, an \$8,600 account value divided by \$1,000 = 8.6), then multiply the result by the number in the first line under the heading entitled “Expenses Paid During the Period” to estimate the expenses you paid on your account during the period.

#### **HYPOTHETICAL EXAMPLE FOR COMPARISON PURPOSES**

The second line of the table below provides information about hypothetical account values and hypothetical expenses based on the Fund’s actual expense ratio and an assumed rate of return of 5% per year before expenses, which is not the Fund’s actual return. The hypothetical account values and expenses may not be used to estimate the actual ending account balance or expenses you paid during the period. You may use this information to compare the ongoing costs of investing in the Fund and other funds. To do so, compare this 5% Hypothetical Example with the 5% hypothetical examples that appear in the shareholder reports of other funds.

## BBH SELECT SERIES – LARGE CAP FUND

### DISCLOSURE OF FUND EXPENSES (continued) October 31, 2022 (unaudited)

Please note that the expenses shown in the table are meant to highlight your ongoing costs only and do not reflect any transactional costs, such as redemption fees or exchange fees. Therefore, the second line of the table is useful in comparing ongoing costs only, and will not help you determine the relative total costs of owning different funds. In addition, if these transactional costs were included, your costs would have been higher.

	Beginning Account Value May 1, 2022	Ending Account Value October 31, 2022	Expenses Paid During Period May 1, 2022 to October 31, 2022 <sup>1</sup>
<b>Class I</b>			
Actual . . . . .	\$1,000	\$904	\$3.45
Hypothetical <sup>2</sup> . . . . .	\$1,000	\$1,022	\$3.67
	Beginning Account Value May 1, 2022	Ending Account Value October 31, 2022	Expenses Paid During Period May 1, 2022 to October 31, 2022 <sup>1</sup>
<b>Retail Class</b>			
Actual . . . . .	\$1,000	\$903	\$5.04
Hypothetical <sup>2</sup> . . . . .	\$1,000	\$1,020	\$5.35

<sup>1</sup> Expenses are equal to the Fund's annualized expense ratio of 0.72% and 1.05% for Class I and Retail Class shares, respectively, multiplied by the average account value over the period, multiplied by 184/365.

<sup>2</sup> Assumes a return of 5% before expenses. For the purposes of the calculation, the applicable annualized expense ratio for each class of shares is subtracted from the assumed return before expenses.

### CONFLICTS OF INTEREST

October 31, 2022 (unaudited)

#### **Description of Potential Material Conflicts of Interest - Investment Adviser**

BBH, including the Investment Adviser, provides discretionary and non-discretionary investment management services and products to corporations, institutions and individual investors throughout the world. As a result, in the ordinary course of its businesses, BBH, including the Investment Adviser, may engage in activities in which its interests or the interests of its clients may conflict with or be adverse to the interests of the Fund. In addition, certain of such clients (including the Fund) utilize the services of BBH for which they will pay to BBH customary fees and expenses that will not be shared with the Fund.

The Investment Adviser has adopted and implemented policies and procedures that seek to manage conflicts of interest. Pursuant to such policies and procedures, the Investment Adviser monitors a variety of areas, including compliance with fund investment guidelines, and compliance with its Code of Ethics.

The Trust also manages these conflicts of interest. For example, the Trust has designated a Chief Compliance Officer (“CCO”) and has adopted and implemented policies and procedures designed to manage the conflicts identified below and other conflicts that may arise in the course of the Fund’s operations in such a way as to safeguard the Fund from being negatively affected as a result of any such potential conflicts. From time to time, the Trustees receive reports from the Investment Adviser and the Trust’s CCO on areas of potential conflict.

Investors should carefully review the following, which describes potential and actual conflicts of interest that BBH and the Investment Adviser can face in the operation of their respective investment management services. This section is not, and is not intended to be, a complete enumeration or explanation of all of the potential conflicts of interest that may arise. The Investment Adviser and the Fund have adopted policies and procedures reasonably designed to appropriately prevent, limit or mitigate the conflicts of interest described below. Additional information about potential conflicts of interest regarding the Investment Adviser is set forth in the Investment Adviser’s Form ADV. A copy of Part 1 and Part 2A of the Investment Adviser’s Form ADV is available on the SEC’s website ([www.adviserinfo.sec.gov](http://www.adviserinfo.sec.gov)). In addition, many of the activities that create these conflicts of interest are limited and/or prohibited by law, unless an exception is available.

**Other Clients and Allocation of Investment Opportunities.** BBH and the Investment Adviser manage funds and accounts of clients other than the Fund (“Other Clients”). In general, BBH and the Investment Adviser face conflicts of interest when they render investment advisory services to different clients and, from time to time, provide dissimilar investment advice to different clients. Investment decisions will not necessarily be made in parallel among the Fund and Other Clients. Investments made by the Fund do not, and are not intended to, replicate the investments, or the investment methods and strategies, of Other Clients. Accordingly, such Other Clients may produce results that are materially different from those experienced by the Fund. Certain other conflicts of interest may arise in connection with a portfolio manager’s management of the Fund’s investments, on the one hand, and the investments of other funds or accounts for which the portfolio manager is responsible, on the other. For example, it is possible that the various funds or accounts managed by the Investment Adviser could have different investment strategies that, at times, might conflict with one another to the possible detriment of the Fund. From time to time, the Investment Adviser sponsor funds and other investment pools and accounts which engage in the same or similar businesses as the Fund using the same or similar investment strategies. To the extent that the same investment opportunities might

## BBH SELECT SERIES – LARGE CAP FUND

---

### CONFLICTS OF INTEREST (continued)

October 31, 2022 (unaudited)

be desirable for more than one account or fund, possible conflicts could arise in determining how to allocate them because the Investment Adviser may have an incentive to allocate investment opportunities to certain accounts or funds. However, BBH and the Investment Adviser have implemented policies and procedures designed to ensure that information relevant to investment decisions is disseminated promptly within its portfolio management teams and investment opportunities are allocated equitably among different clients. The policies and procedures require, among other things, objective allocation for limited investment opportunities, and documentation and review of justifications for any decisions to make investments only for select accounts or in a manner disproportionate to the size of the account. Nevertheless, access to investment opportunities may be allocated differently among accounts due to the particular characteristics of an account, such as size of the account, cash position, tax status, risk tolerance and investment restrictions or for other reasons.

Actual or potential conflicts of interest may also arise when a portfolio manager has management responsibilities to multiple accounts or funds, resulting in unequal commitment of time and attention to the portfolio management of the funds or accounts.

**Affiliated Service Providers.** Other potential conflicts might include conflicts between the Fund and its affiliated and unaffiliated service providers (e.g., conflicting duties of loyalty). In addition to providing investment management and administrative services through the SID, BBH provides custody, shareholder servicing and fund accounting services to the Fund. BBH may have conflicting duties of loyalty while servicing the Fund and/or opportunities to further its own interest to the detriment of the Fund. For example, in negotiating fee arrangements with affiliated service providers, BBH may have an incentive to agree to higher fees than it would in the case of unaffiliated providers. BBH acting in its capacity as the Fund's administrator is the primary valuation agent of the Fund. BBH values securities and assets in the Fund according to the Fund's valuation policies. Because the Investment Adviser's advisory and administrative fees are calculated by reference to a Fund's net assets, BBH and its affiliates may have an incentive to seek to overvalue certain assets.

**Aggregation.** Potential conflicts of interest also arise with the aggregation of trade orders. Purchases and sales of securities for the Fund may be aggregated with orders for other client accounts managed by the Investment Adviser. The Investment Adviser, however, is not required to aggregate orders if portfolio management decisions for different accounts are made separately, or if it is determined that aggregating is not practicable, or in cases involving client direction. Prevailing trading activity frequently may make impossible the receipt of the same price or execution on the entire volume of securities purchased or sold. When this occurs, the various prices may be averaged, and the Fund will be charged or credited with the average price. Thus, the effect of the aggregation may operate on some occasions to the disadvantage of the Fund. In addition, under certain circumstances, the Fund will not be charged the same commission or commission equivalent rates in connection with an aggregated order.

**Cross Trades.** Under certain circumstances, the Investment Adviser, on behalf of the Fund, may seek to buy from or sell securities to another fund or account advised by BBH or the Investment Adviser. Subject to applicable law and regulation, BBH or the Investment Adviser may (but is not required to) effect purchases and sales between BBH's or the Investment Adviser's clients ("cross trades"), including the Fund, if BBH or

## BBH SELECT SERIES – LARGE CAP FUND

---

### CONFLICTS OF INTEREST (continued)

October 31, 2022 (unaudited)

the Investment Adviser believes such transactions are appropriate based on each party's investment objectives and guidelines. There may be potential conflicts of interest or regulatory issues relating to these transactions which could limit the Investment Adviser's decision to engage in these transactions for the Fund. BBH or the Investment Adviser may have a potentially conflicting division of loyalties and responsibilities to the parties in such transactions.

**Soft Dollars.** The Investment Adviser may direct brokerage transactions and/or payment of a portion of client commissions ("soft dollars") to specific brokers or dealers or other providers to pay for research or other appropriate services which provide, in the Investment Adviser's view, appropriate assistance in the investment decision-making process (including with respect to futures, fixed price offerings and over-the-counter transactions). The use of a broker that provides research and securities transaction services may result in a higher commission than that offered by a broker who does not provide such services. The Investment Adviser will determine in good faith whether the amount of commission is reasonable in relation to the value of research and services provided and whether the services provide lawful and appropriate assistance in its investment decision-making responsibilities.

Research or other services obtained in this manner may be used in servicing any or all of the Fund and other accounts managed by the Investment Adviser, including in connection with accounts that do not pay commissions to the broker related to the research or other service arrangements. Such products and services may disproportionately benefit other client accounts relative to the Fund based on the amount of brokerage commissions paid by the Fund and such other accounts. To the extent that the Investment Adviser uses soft dollars, it will not have to pay for those products and services itself.

BBH may receive research that is bundled with the trade execution, clearing, and/or settlement services provided by a particular broker-dealer. To the extent that the Investment Adviser receives research on this basis, many of the same conflicts related to traditional soft dollars may exist. For example, the research effectively will be paid by client commissions that also will be used to pay for the execution, clearing, and settlement services provided by the broker-dealer and will not be paid by the Investment Adviser.

Arrangements regarding compensation and delegation of responsibility may create conflicts relating to selection of brokers or dealers to execute Fund portfolio trades and/or specific uses of commissions from Fund portfolio trades, administration of investment advice and valuation of securities.

**Investments in BBH Funds.** From time-to-time, BBH may invest a portion of the assets of its discretionary investment advisory clients in the Fund. That investment by BBH on behalf of its discretionary investment advisory clients in the Fund may be significant at times.

Increasing the Fund's assets may enhance investment flexibility and diversification and may contribute to economies of scale that tend to reduce the Fund's expense ratio. In selecting the Fund for its discretionary investment advisory clients, BBH may limit its selection to funds managed by BBH or the Investment Adviser. BBH may not consider or canvass the universe of unaffiliated investment companies available, even though there may be unaffiliated investment companies that may be more appropriate or that have superior

### CONFLICTS OF INTEREST (continued)

October 31, 2022 (unaudited)

performance. BBH, the Investment Adviser and their affiliates providing services to the Fund benefit from additional fees when the Fund is included as an investment for a discretionary investment advisory client.

BBH reserves the right to redeem at any time some or all of the shares of the Fund acquired for its discretionary investment advisory clients' accounts. A large redemption of shares of the Fund by BBH on behalf of its discretionary investment advisory clients could significantly reduce the asset size of the Fund, which might have an adverse effect on the Fund's investment flexibility, portfolio diversification and expense ratio.

**Valuation.** When market quotations are not readily available or are believed by BBH to be unreliable, the Fund's investments will be valued at fair value by BBH pursuant to procedures adopted by the Fund's Board of Trustees in accordance with Rule 2a-5 under the 1940 Act. When determining an asset's "fair value," BBH seeks to determine the price that a Fund might reasonably expect to receive from the current sale of that asset in an arm's-length transaction. The price generally may not be determined based on what the Fund might reasonably expect to receive for selling an asset at a later time or if it holds the asset to maturity. While fair value determinations will be based upon all available factors that BBH deems relevant at the time of the determination and may be based on analytical values determined by BBH using proprietary or third-party valuation models, fair value represents only a good faith approximation of the value of a security. The fair value of one or more securities may not, in retrospect, be the price at which those assets could have been sold during the period in which the particular fair values were used in determining the Fund's net asset value. As a result, the Fund's sale or redemption of its shares at net asset value, at a time when a holding or holdings are valued by BBH (pursuant to Board-adopted procedures) at fair value, may have the effect of diluting or increasing the economic interest of existing shareholders.

**Referral Arrangements.** BBH may enter into advisory and/or referral arrangements with third parties. Such arrangements may include compensation paid by BBH to the third party. BBH may pay a solicitation fee for referrals and/or advisory or incentive fees. BBH may benefit from increased amounts of assets under management.

**Personal Trading.** BBH, including the Investment Adviser, and any of their respective partners, principals, directors, officers, employees, affiliates or agents, face conflicts of interest when transacting in securities for their own accounts because they could benefit by trading in the same securities as the Fund, which could have an adverse effect on the Fund. However, BBH, including the Investment Adviser, has implemented policies and procedures concerning personal trading by BBH Partners and employees. The policies and procedures are intended to prevent BBH Partners and employees with access to Fund material non-public information from trading in the same securities as the Fund.

**Gifts and Entertainment.** From time to time, employees of BBH, including the Investment Adviser, and any of their respective partners, principals, directors, officers, employees, affiliates or agents, may receive gifts and/or entertainment from clients, intermediaries, or service providers to the Fund or BBH, including the Investment Adviser, which could have the appearance of affecting or may potentially affect the judgment of the employees, or the manner in which they conduct business. BBH, including the Investment Adviser, has implemented policies and procedures concerning gifts and entertainment to mitigate any impact on the judgment of BBH Partners and employees.

**ADDITIONAL FEDERAL TAX INFORMATION**  
October 31, 2022 (unaudited)

The Fund hereby designates \$15,725,957 as an approximate amount of capital gain dividend for the purpose of dividends paid deduction.

In January 2023, shareholders will receive Form 1099-DIV, which will include their share of qualified dividends distributed during the calendar year 2022. Shareholders are advised to check with their tax advisers for information on the treatment of these amounts on their individual income tax returns.

# All officers of the Trust hold office for one year and until their respective successors are chosen and qualified (subject to the ability of the Trustees to remove any officer in accordance with the Trust's By-laws). Mr. Wagner previously served on the Board of Trustees of the Predecessor Trust.

+ Ms. Livingston and Mr. Gehret are "interested persons" of the Trust as defined in the 1940 Act because of their positions as Partner and Limited Partner of BBH&Co., respectively.

^ The Fund Complex consists of the Trust, which has eight series, and each is counted as one "Portfolio" for purposes of this table.

## **BBH SELECT SERIES – LARGE CAP FUND**

### **OPERATION AND EFFECTIVENESS OF THE FUND'S LIQUIDITY RISK MANAGEMENT PROGRAM October 31, 2022 (unaudited)**

The Securities and Exchange Commission adopted Rule 22e-4 under the Investment Company Act of 1940, as amended (the "Liquidity Rule") to promote effective liquidity risk management throughout the open-end investment company industry in order to reduce the risk that funds will be unable to meet their redemption obligations and mitigate dilution of the interests of fund shareholders.

The Board of Trustees (the "Board") of BBH Trust met on March 8, 2022 to review the liquidity risk management program (the "Program") for the funds of BBH Trust (the "Funds") pursuant to the Liquidity Rule. The Board has appointed three members of the Brown Brothers Harriman & Co. Mutual Fund Advisory Department, the Investment Adviser to the Funds, as the Program Administrator for each Fund's Program. The Program Administrator provided the Board with a report (the "Report") that addressed the operations of the Program and assessed its adequacy and effectiveness of the Program. The Report covered the period from February 1, 2021 through January 31, 2022 (the "Reporting Period").

The Report noted that the Program complied with the key factors for consideration under the Liquidity Rule for assessing, managing and periodically reviewing a Fund's liquidity risk, including the following points.

*Liquidity classification.* The Report described the Program's liquidity classification methodology for categorizing the Funds' investments into one of four liquidity buckets.

*Highly Liquid Investment Minimum.* The Report noted that one aspect of the Liquidity Rule is a requirement that funds that are expected to have less than 50% of assets classified as other than "highly liquid" should establish a minimum percentage of highly liquid assets that the fund is expected to hold on an on-going basis. The Program Administrator monitors the percentages of assets in each category on an ongoing basis and, given that no Fund has approached the 50% threshold, has made the determination that it is not necessary to assign a Highly Liquid Investment Minimum as provided for in the Liquidity Rule to any of the Funds.

*The Fund's investment strategy and liquidity of portfolio investments during normal and reasonably foreseeable stressed market conditions.* During the Reporting Period, the Program Administrator reviewed whether each Fund's investment strategy is appropriate for an open-end fund structure with a focus on Funds with more significant and consistent holdings of less liquid and illiquid assets and factored a Fund's concentration in an issuer into the liquidity classification methodology by taking issuer position sizes into account.

*Short-term and long-term cash flow projections during normal and reasonably foreseeable stressed market conditions.* During the Reporting Period, the Program Administrator reviewed historical redemption activity and used this information as a component to establish each Fund's reasonably anticipated trading size. The Program Administrator also took into consideration other factors such as shareholder ownership concentration, applicable distribution channels and the degree of certainty associated with a Fund's short-term and long-term cash flow projections.

*Holdings of cash and cash equivalents.* The Program Administrator considered the degree to which each Fund held cash and cash equivalents as a component of each Fund's ability to meet redemption requests.

## **BBH SELECT SERIES – LARGE CAP FUND**

---

### **OPERATION AND EFFECTIVENESS OF THE FUND'S LIQUIDITY RISK MANAGEMENT PROGRAM (continued)**

**October 31, 2022 (unaudited)**

There were no material changes to the Program during the Reporting Period. The Program Administrator has informed the Board that it believes that the Fund's Program is adequately designed, has been implemented as intended, and has operated effectively since its implementation. No material exceptions have been noted since the implementation of the Program, and there were no liquidity events that impacted the Fund or its ability to meet redemption requests on a timely basis during the Reporting Period.
